JAPAN REFUSES TO QUIT AIR BOMBIN

SENSATION SPRUNG UPON DISARMAMENT MEETING THURSDAY

JAPAN SAYS UNABLE TO ACCEPT COMPLETE ABOLITION OF BOMBING FROM AIR

GENEVA, Switzerland, June 8.—(AP)—Japan produced a sensation at the disarmament conference today by announcing that it was unable to accept complete abolition of bombing from the air until the great powers abolish aircraft carriers.

Abandonment of air bombardment is a feature of the British draft convention now before the conference. All countries have accepted this point in principle, although the British desire to have the right to resort to bombing for police purposes in outlying regions, such as Northern India.

Ambassador Naotake Sato announced categorically that Japan was not in position to renounce general air bombardment because it was not confident that the powers would fulfill their pledge of renunciation. There might be infractions, he said.

The ambassador also fixed the following conditions for Japanese abandonment of air bombing:

1. An interdiction against providing warships with airplane landing platforms.
2. An accord which would prevent the utilization of civil aircraft for military purposes in wartime

Attacking the London naval treaty, Mr. Sato said that it had resulted in an unhappy situation. "The London treaty should have brought appeasement to all the

Explorer Lost In 1927 Is Safe In Turkestan

PEIPING, China, June 8.—(AP)—Dr. Nils Ambolt, a member of a Chinese-Swedish expedition who was lost in 1927 in northern Tibet, is safe in Khotan, southwest Turkestan, according to a telegram received today by the Swedish explorer, Dr. Sven Hedin, who planned to search for his confrere.

The message from Dr. Ambolt said he was returning shortly to China by way of India.

Dr. Ambolt went into Sin Kiang with a caravan of eighty camels in order to continue four years of research in Central Asia. A terrific snowstorm caused Dr. Ambolt to lose his camels and scientific instruments worth thousands of dollars.

He proceeded afoot towards Cherchen Oasis, 400 miles south of the capital of Sin Kiang and had not been heard from.

Dr. Hedin was awaiting permission from the Nanking government before proceeding into the province.

Suing "Kingfish"

A recent portrait of Mrs. Ruffin G. Pleasant, wife of a former governor of Louisiana, who has filed suit at Baton Rouge, La., against Senator Huey P. Long. She charges the "Kingfish" with calling her a "drunken woman" and having her expelled from the state capitol.

LEAKY GAS LINE FORCES MATTERN DOWN IN SIBERIA

PLANE DAMAGED BUT TEMPORARY REPAIRS MADE; ILL FROM EFFECT FUMES

BY STANLEY P. RICHARDSON
(Copyright, 1933, By The Associated Press.)

MOSCOW, June 8.—(AP)—Fumes from a leaking gas line, which almost overcame him in the air, forced Jimmie Mattern suddenly to land near Prokopiecsk, Siberia, Wednesday, the American round-the-world flier told the Associated Press today.

"I am still sick from those fumes," the Texan said in an exclusive telephone interview. He spoke from Belovo, a workers' settlement near Prokopievsk where he came down at 10 a.m. Moscow time Wednesday (2 a.m. eastern standard time) a few hours after he had started from Omsk, Siberia, on the fifth lap of his round-the-world dash.

"I can't hold any food on my stomach, but I expect to get off for Krasnoyarsk in five or ten hours," he said.

"I was four hours out of Omsk when I discovered a leak in the fuel line, and by the time I had found out what the trouble was, I was in bad shape from the fumes."

He added that he was almost unconscious when he brought the plane down on a small emergency landing field at Velovo, the settlement.

"When I landed, I broke my sta-

SECRETARY HULL IN FIRM STATEMENT ON OBLIGATIONS DUE

WAR DEBTS DISCUSSION IS BARRED FROM WORLD ECONOMIC CONFERENCE

PLYMOUTH, Eng., June 8.—(AP)—Secretary of State Cordell Hull barred all discussion of the war debts at the world economic conference when he arrived today at the head of the American delegation aboard the liner President Roosevelt.

"We shall not go outside the details of the agenda," Mr. Hull said, "and we shall not discuss Britain's payments of war debts to the United States due next week.

"I can say emphatically that the war debts will not be discussed by us at all at this conference."

"The question of disarmament will also be outside the scope of the conference," Mr. Hull continued, "for that is a matter which concerns Mr. Davis (Norman H. Davis, American representative at Geneva) and officials at Washington."

The secretary of state declined to discuss the policy the United States delegates will adopt but said he favored lowering all excessive obstructions to trade and finance between nations.

The tender Sir John Hawkins met the President Roosevelt two miles out in Plymouth Roads, and the American delegation was landed at Mill Bay dock.

In the brilliant sunshine of a heat wave, which is setting a record for a century, the delegation made the last leg of the journey to England close to the green hills of Plymouth's landlocked harbor. A special train took the Americans

HOUSE LEADERS AND PRESIDENT NEARING VETS AGREEMENT

REPORT ROOSEVELT MAKING CONCESSIONS ON ALLOWANCE CONTROVERSY

WASHINGTON, June 8.—(AP)—House democratic leaders and President Roosevelt have gone far toward reaching a compromise agreement on the controversy over how much war veterans allowances can be cut to aid budget-balancing.

As the special veterans committee went to the White House for a final showdown with President Roosevelt, Representative Byrns of Tennessee, the democratic leader, told newspapermen "surprising progress has been made toward reaching an agreement."

"Indications are that a satisfactory compromise will be reached," he added, saying the remaining bone of contention is what is going to be done with the Spanish American war veterans."

Two Conditional Pardons.

AUSTIN, June 8.—(AP)—Governor Miriam A. Ferguson today gave conditonal pardons to Fan Briggs of Gregg county, convicted of robbery in Sepetmber 1931 and sentenced to five years imprisonment, and to Rose Fuller, McLennan county, convicted of forgery in December 1932 and sentenced to two years.

Mollison Plane Damaged Result Takeoff Crash

By OSCAR LEIDING

CROYDON AIRPORT, England, June 8.—(AP)—Disaster overtook Capt. James A. Mollison and his equally famous flying wife today at the outset of their adventurous attempt to set three new aviation records.

Their large plane, carrying a three-ton load, crashed at the take-off for a flight to New York, whence they planned to fly to Bagdad and then back to England.

Neither of the fliers was hurt. They have performed several brilliant air exploits individually, although this was to have been their first record-breaking trial together.

The machine had run about 30 yards when it apparently struck a depression in the field. Its landing gear was torn away; the nose was dented; both propellors were curled up; the lower left wing was broken, and both right wings were crumpled.

The mishap occurred at 5:50 a. m., (11:50 p. m., E. S. T.) Wednesday.

SENATE APPROVES MORE POWERS FOR BANKING PROBERS

VAN SWERINGEN SAYS INVESTIGATIONS "TERRIFICALLY DESTRUCTIVE"

WASHINGTON, June 8. (AP)—The senate unanimously today voted more power for its investigation of private banks and bankers, and soon thereafter O. P. Van Sweringen as a witness in the J. P. Morgan and Company inquiry characterized such procedures as "terrifically destructive."

"All business is of greater volume than a year ago," he remarked, interrupting a long series of questions on involved financing of the extensive Van Sweringen railroad enterprises and the part taken by the Morgan bank.

Referring to rail operations, he added "that's all we need" in connection with expanding business.

"Business needs encouragement and not frightening," he went on philosophically.

"If I may speak frankly these

CONGRESS DIGS IN IN GRIM ATTEMPT TO END SESSION

SENATE MET EARLY IN EFFORT TO REACH VOTE ON INDUSTRIAL RECOVERY BILL

WASHINGTON, June 8.—(AP)—Congress dug in with a will today to bring the special session to an end as quickly as possible. President Roosevelt hopes this will be by Saturday.

The senate met two hours early in an effort to reach a vote on the big industrial recovery bill. Leaders were prepared to keep the senate in session tonight if necessary. Republican drives for the sales tax and against the industrial licensing provisions of the measure were stiff obstacles.

While the house took up minor bills, leaders conferred with President Roosevelt at the White House on a compromise to end the seething veterans economy dispute. The leaders said great progress had been made and it was indicated a satisfactory solution soon would be reached on this, the only other major issue remaining for settlement before adjournment.

Before the house ways and means committee Major A. V. Dalrymple, prohibition administrator, favored legalization of naturally fermented wines of 10 to 12 per cent, at the same time expressing "unalterable opposition" to repeal of the eighteenth amendment. Saying that 3.2 beer had reduced bootlegging, he contended that wine legalization would increase respect for law and add to treasury revenues.

Soon after the senate conveyed

CANNING UNITS FOR COUNTY

Distribution of canner units over Navarro county was started Tuesday by the Corsicana Unemployed Relief committee through the co-operation of the Corsicana Chamber of Commerce, and Miss Ruth McNabb, home demonstration agent. Twenty canners and sealers and an initial supply of 2,000 cans was received early in the week and are being scattered rapidly. The picture shows the canner units and cans stacked in front of the chamber of commerce building. In the left foreground is W. O. Harwell, relief officer, and W. P. McCammon, chairman of the committee; in the center is Miss McNabb, county agent.

ROBINSON AND LONG RENEW SENATE FEUD CHALLENGES PASSED

LOUISIANAN THREATENS TO INVADE ARKANSAS AND DEFEAT LEADER

WASHINGTON, June 8.—(AP)—In biting sarcasm, Senator Joe T. Robinson of Arkansas, Democratic leader, today answered a threat of his foe, Huey P. Long, (D-La.) to fight him in Arkansas with acceptance of his challenge and a declaration that if he did, Robinson would invade Louisiana.

Robinson faced Long directly—a few rows from him—to thunder in a renewal of the long standing feud between them:

"The senator from Louisiana has boasted that he will go into Arkansas. If he comes into Arkansas, I'll take the liberty of going into Louisiana.

"Knowing the state of affairs in the two states as I do, I'll say he will be repudiated in both of them."

Long, a few moments before, had observed that he had settled a political matter with Robinson in the last election, in which Mrs. Hattie W. Caraway was elected to the senate. Long campaigned for her.

"I'll go back to the people of Arkansas and see who comes back to the senate," the Louisianan had shouted.

Grayson County Farmer Is Killed When Hit by Auto

SHERMAN, June 8.—(AP)—Peter Parnell (Pete) Fay, 47-year-old farmer of the Ethel community, was injured fatally when struck by an automobile on the Sherman-Whitesboro highway last night.

Charles Ussery, driver of the machine which struck Fay, was freed on a writ of habeas corpus after a hearing before Judge R. M. Carter and charges of murder had been filed against him.

Fay was killed when he stepped from in front of his automobile into the path of the other car, a witness said at a preliminary hearing.

Crows Are Tough In New Mexico And Here's Proof

CLOVIS, N. M., June 7.—(AP)—Crows in eastern New Mexico are so "tough" they build their nests of barbed wire.

A lineman sent out from Clovis to investigate the cause of interruptions of the Associated Press printer service in the News-Journal office followed the line for 30 miles until he found a crow's nest in the arms of a telephone pole. Short pieces of barbed wire, used for foundation material in the nest, were shorting out the line.

MEMBERS OF TEXAS PRESS ASSOCIATION MEETING IN HOUSTON

ANNUAL CONVENTION CALLED TO ORDER BY PRESIDENT LOWRY MARTIN

HOUSTON, June 8.—(AP)—About 300 members of the Texas Press Association attended the annual convention here today.

President Lowry Martin, of Corsicana, called the convention to order.

Features of the opening session were addresses by Marlen Pew, editor of Editor and Publisher, who spoke on "Public Service in Journalism," and A. F. Baumgartner, of Cincinnati, president of the Thompson-Koch Company, who talked on "Twenty-five Years of Newspaper Space Buying."

Pew called upon his fellow editors to contrast the American political method with that of Italy, or Germany, remembering that it was economic strangulation that swept those nations into dictatorship.

"Why are we still free?" he asked.

"I say because, primarily, of a free press, nurturing an enlightened public opinion. It is triumph over darkness that will thrill the pages of history. The first thing the foreign dictators did was to silence their newspapers."

PREMIER AZANA'S GOVERNMENT QUIT SUDDENLY THURSDAY

TROUBLES SPANISH REGIME HAVE BEEN PILING UP FOR SOME TIME

MADRID, June 8.—(AP)—The government headed by Premier Manuel Azana resigned today.

The resignation came after a cabinet session and resulted directly from the refusal of President Niceto Alcala Zamora to make ministerial changes requested by Premier Azana. The premier had asked that a new treasury minister be appointed and that the ministry of agriculture be split into two parts.

Opposition to the Azana government, which was formed Dec. 15, 1931, has ben piling up for some time. The cabinet's difficulties were increased materially recently as a result of controversy over Spain's new religious laws.

These laws, which were signed by President Niceto Alcala Zamora last week, turned religious orders into civic groups and nationalized church property worth millions of dollars. Pope Pius issued an encyclical declaring the legislation constituted an attack not only on the church but on all religion, and members of the Spanish government were automatically excommunicated.

The radical socialist bloc, headed by, former Foreign Minister Alejandro Lerroux, has been restive for some time and political observers had expected it to withdraw its support from the government.

High government officials, appealed to the radical socialist convention yesterday to continue their support, saying that Spain was undergoing a type of civil war between parties of the right and the left. This civil war, government spokesmen said, was exemplified in the campaign against the agrarian reform law and the religious law.

The agrarian reform law provides for the seizure of the estates of men who were grandees under the monarchy, and for the distribution of this land among the peasants.

BLISTERING HEAT, TORNADOES CAUSE NUMEROUS DEAT

WIDE AREA OF NATION VISITED BY UNSEASONA WEATHER CONDITION

KANSAS CITY, June [illegible] (AP)—Blistering heat, tor[illegible]does and winds akin to tornadoes, hail and lighting harassed the nation in much of the area between the Rockies and the Atlantic Wednesday. Nearly three score deaths, most of them due to drowning and heat prostration, were reported.

Deaths were most numerous in the states bordering the Great Lakes. There were 31 in Illinois, eight each in Wisconsin and Indiana, three in western New York, two in nearby Ontario, and four each in Ohio, Michigan and Pennsylvania. Including Tuesday, there have been 10 deaths from drowning in Wisconsin.

Blooming, Ill., and Paducah, Ky., reported maximum temperatures of 102.

The western New York deaths were due to a violent wind, hail and electric storm. One drowned at Buffalo, one was crushed by a barn in Lancaster and another struck by lightning in Batavia.

No vessels were reported lost on the Great Lakes although navigation of small craft was hazardous.

Harold [illegible], a farm hand near Madison, Neb., was picked up by a tornado, [illegible] over [illegible] trees and [illegible] alfalfa field.

[illegible] heat and [illegible] recent rains were reported by official Kansas agricultural sources as unfavorable to wheat, oats, [illegible] potatoes and barley but beneficial to corn.

The mercury dropped from [illegible] to 71 during a brief electrical storm in the national capital about mi[illegible]

Witt on Record For Repealing Of Pro Amendment

AUSTIN, June 8.—(AP)—Lieutenant Governor Edgar E. Witt, a prospective candidate for governor next year, today had put himself on record for repeal of the prohibition amendment to the federal constitution.

He also said he would vote to modify the Texas constitution to permit legalization of [illegible] manufacture and sale of [illegible]

Texas voters will express themselves on both propositions at a special election on [illegible]

Witt issued a statement [illegible] his views in which he said the eighteenth amendment is [illegible]sible of enforcement.

To Meet In Lubbock.

AUSTIN, June 8.—[illegible] Washer of San Antonio, [illegible] of the state board of [illegible] today announced that the board would meet June 16 [illegible] in Lubbock.

LONG-TERM PLANNING AGAINST RECURRING DEPRESSIONS TO BE PUT IN OPERATION BY ROPER

By JAMES P. SELVAGE
Associated Press Staff Writer

WASHINGTON, June 8.—(AP)—Secretary Roper's plan for a commerce department advisory committee of major industrialists to introduce long term planning against recurring depressions, is to be put into operation shortly.

The movement—initiated by the cabinet officer in a recent address before the Chamber of Commerce of the United States—has received definite indorsement from a group of nationally known business men, among them Henry I Harriman, president of the chamber; Alfred P. Sloan, chairman of the board of General Motors; Walter C. Teagle, president of Standard Oil company; Alexander Legge, president of the International Harvester company and former chairman of the farm board; and Gerald Swope, president of the General Electric company.

These men, Roper said today, are selecting a committee of 30 to serve as a permanent national planning commission, which is to meet later this month.

Teagle, Swope and Sloan also were reported chosen by Hugh S. Johnson, who will administer the industrial control act, to serve on a five-man board to represent industry in considering trade agreements submitted under the measure.

Five labor men also are to be named, and it was understood one would be Leo Wolman, Columbia

ELLIOTT ROOSEVELT WILL SEEK DIVORCE DISCLOSED THURSDAY

ANNOUNCEMENT MADE BY PRESIDENT'S WIFE PRIOR LEAVING FOR HOME

RENO, June 8.—(AP)—Elliott Roosevelt, son of the President, already has established divorce residence in Nevada, and, with the exception of the short visit to his mother in Los Angeles, has been residing in this state ten days or more.

The President's son has taken up residence at the summer home of Samuel Platt, prominent Nevada attorney, near the Elk Point country club on the shores of Lake Tahoe, in Douglas county.

Mr. Platt, who is former united States attorney for Nevada, revealed this fact today, saying:

"I am permitted to state that Elliott Roosevelt has come to Nevada to live and has been residing at Elk Point, Lake Tahoe, in Douglas County, Nevada, for the week or so. He left temporarily to meet his mother."

Asked about the contemplated

PROHIBITION ADMINISTRATOR UNALTERABLY OPPOSED REPEAL EIGHTEENTH AMENDMENT, SAYS

WASHINGTON, June 8.—(AP)—Expressing "unalterable opposition" to repeal of the 18th amendment, Major A. V. Dalrymple, prohibition administrator, told the house ways and means committee today that legalization of naturally fermented wines would increase respect for law and bring needed revenues to the treasury.

Dalrymple was testifying in support of the Lea bill which would legalize wines of from 11 to 12 per cent alcohol by volume and tax the new beverage 20 cents per gallon.

"My observations as director of prohibition lead me to think that the passage of this bill would have a very wholesome effect upon enforcement as a whole," Dalrymple said.

"The sale of 3.2 beer has very materially reduced bootlegging. It also has created a feeling of favor for enforcement which the law did not have before. Liberalization of the wine laws would have the same effect."

Asked by Representative McCormack (D., Mass.), what revenues would accrue if the 18th amendment were repealed, Dalrymple replied:

"That is hard to say. Of course, we would have competition from imports, but if the tariff were high encugh we might be able to raise considerable revenue.

"Personally, I am unalterably opposed to repeal of the 18th amendment, but I think liberalization is the thing. I am not absolutely convinced that repeal would materially increase revenues. Liberalization will."

The Lea bill, Dalrymple asserted, would bring the government from $50,000,000 to $100,000,000 annually in new revenues.

President Endorses St. Lawrence Project

WASHINGTON, June 8.—(AP)—President Roosevelt today endorsed the St. Lawrence seaway project anew with a declaration that "the beginning of the work of construction at an early date can be made an essential part of the national public works program."

The words were contained in a letter to Senator LaFollette and arived at the senate at a time when the posibility of ratification of the treaty at extra session appeared remote.

Rob Chicago Bank.

CHICAGO, June 8.—(AP)—Terrorizing a score of men and women, most of them customers, seven masked bandits invaded the Main State Bank today, scooped about $5,000 in currency from the tellers' cages and escaped in two automobiles.

Mother of Two Facing Charge Stealing Baby

CINCINNATI, June 8.—(AP)—Mrs. Virginia Rogers, 31, mother of two children, was held for grand ury action under $25,000 bond today on a charge of stealing a child to satisfy her desire to have another baby of her own.

Officials said they expected an indictment would be returned against Mrs. Rogers for taking the 6-weeks-old daughter of Mrs. Madeline Sneed, 21, from its home May 31.

Physicians who examined the woman at the direction of the county prosecutor said the woman had believed she was about to have a child, and that realization that she was mistaken left her with a desire to possess a baby nevertheless.

The charge of child theft and harboring a stolen child carries a possible sentence of from 1 to 20 years.

GOVERNMENT OF FOUR GREAT EUROPEAN NATIONS PREPARED FOR RATIFICATION OF PEACE

By ANDRUE BERDING

ROME, June 8.—(AP)—The governments of Great Britain, France, Italy, and Germany prepared today to present to their parliaments for ratification an agreement for a decade of peace and disarmament.

Signed in Premier Benito Mussolini's office last night, the pact pledges the four great Western European powers to collaborate within the framework of the League of Nations, to examine articles in the league covenant pertaining to aggression, to work for the success of the Geneva disarmament conference, and to co-operate in economic reconstruction.

Legislative approval for the document is expected to be a matter of mere form in Italy, whose premier proposed it on March 18, and it is felt here that German and English ratification also will be forthcoming quickly.

It was hoped that French acceptance would be attended by no great delay.

The signing of the accord was received in Italy with great jubilation, parades, illumination of public buildings, speeches by Il Duce, and countrp-wide demonstrations by cheering crowds.

Before a large crowd in front of his office in the Palazzo Venezia Mussolini declared: "I consider this a satisfactory day for Italy, which has been reawakened by action.

He emphatically denied reports that the agreement tended to create a closed phalanx among the contracting powers and insisted

DALLAS OIL MAN IS KILLED BY WALKING INTO PROPELLER

FRANK R. FOSTER FATALLY INJURED AT ATLANTA AIRPORT WEDNESDAY NIGHT

ATLANTA, Ga., June 8.—(AP)—Walking into a whirling airplane propeller caused the fatal injury of Frank R. Foster, 44, Dallas oil man, at Candler Field here.

Beeler Blevins, at whose hanger the accident occurred, said the pilot was tuning his motor last night when Foster alighted from the cabin and started toward the nose of the ship. He said he shouted a warning to Foster as he neared the revolving blades but the Texan apparently did not hear him.

Foster stopped here [illegible] by airplane to New York for the Schmeling-Baer fight.

It was planned to return Foster's body to Dallas for burial. Funeral arrangements were incomplete.

Foster was survived by his widow, Mrs. Gertrude Dean Foster, of Dallas; his parents, Mr. and Mrs. J. E. Foster, of Port-

SPORT NOTES

By PAUL MOORE — Sun Sports Editor

Jack Dempsey, who was [illegible] peer of the heavyweight bo[illegible] of modern times, is making [illegible] debut as a boxing promotor, [illegible] doubtless has visions of [illegible] take the place of the [illegible] Tex Rickard who put boxing on the big plane of a few years ago. He is promoting the Max Schmeling and Baer—at the New York Yankee Stadium tonight and if the fight comes up to the expectations of the [illegible], the winner, will meet Jack Sharkey, heavyweight champion, in the near future.

Dempsey is at the parting of the ways—he will either be made or broke as a boxing promotor with tonight's performance, and can be placed in the position as a real promotor if things go off in the proper manner. Dempsey is popular with the fans and sport writers dating back to his prime when he earned the title of man-killer, mauler, etc. He was a colorful fighter and there are millions pulling for him to make good. In fact, there is about as much interest among the fistic followers for Dempsey to make good as there is in the Maxes.

The Home league has added McCanless as the eighth club and a schedule has been drawn for the remainder of the season which will end Aug. 1.

Much interest is shown in the circuit because it is purely an amateur affair, with all members of each club residing within a four-mile radius of the home grounds of the nine.

With the legalizing of horse-racing and boxing by the Texas legislature, these sports are expected to become of more interest and horse-racing will probably be held in connection with all fairs and major expositions. There is a possibility that Dallas will land some large boxing exhibitions. A fine site for a boxing bout is available in Dallas at the Fair Park Stadium, a huge bowl, with the placing of chairs or seats on the playing field and the space between the gridiron and the bowl proper, approximately 60,000 people could be accommodated, giving ample seating capacity for most any prize fight desired, even of championship proportions.

Smaller stadia are located in other Texas centers.

Some of the stadia devoted principally to football games and track exhibitions could utilized to hold a big fight if it was so desired.

Home run hitters Wednesday included Simmons, Chicago White Sox; Bluege, Washington; Berg, Washington; Foxx, Philadelphia Athletics; Owen, Detroit; Jurges, Chicago Cubs; Ouliiber, New Orleans; Bonowitz, Nashville; Moore, Houston; Bettencourt, San Antonio.

Sam D. Burton, coach of the West Texas State Teachers College, Canyon, died Wednesday night apparently with a heart attack. Coach Burton was head grid, basketball and track coach. His main bid for fame was in his basketball teams which ranked with the leading quints of the country.

PUBLIC IS ASKED TO LEND GOVERNMENT BILLION DOLLARS TO LAUNCH RECOVERY PROGRAM

WASHINGTON, June 7.—(AP)—The treasury called on the public today to lend the government a billion dollars to launch the big recovery public works program and meet current financing needs.

The invitation for funds was directed especially at small holders of capital whom Secretary Woodin wants in as "partners" of the government. To favor these he announced he was reserving the right to accept all subscriptions of $10,000 or less even though they require more than the total of securities offered.

Bids were called for an "$500,000,000 or thereabouts" of five year 2 7-8 per cent treasury notes, whose proceeds will go largely to the public works spending. In addition there was offered $400,000,000 or thereabouts" of nine month 3-4 per cent certificates. Customarily issues are oversubscribed and the billion figure is expected to be reached with ease.

Financing to be done with the new funds includes paying off $374,000,000 of maturing certificates, and $104,000,000 interest on the public debt, due June 15.

The issues will bring Roosevelt administration securities sales to $2,372,000,000, since in March the treasury sold $800,000,000 worth and in April added $572,000,000. The banking upheaval in March compelled an interest rate of 4 1-4 per cent on the nine month offerings of that month, but the new securities are down to normal interest rates as were those of April.

The new notes are not subject to redemption before maturity date, June 15, 1938. Both issues are exempt from any taxes but inheritance and estate levies.

While this financial enterprise was being launched, treasury men were working on the possibility of refinacing some or all of the outstanding $6,268,000,000 worth of 4 1-4 fourth liberty bonds to divide up maturity dates and reduce interest. No immediate decision, however, appeared in prospect.

Also under study was a plan to permit American gold producers to sell their metal abroad to get the higher prices available there through depreciation of the dollar. There is almost $4 per gold ounce gain in dollar value available in London. On this, too, later action was expected.

Farmer Defeated Chatfield 4 to 2 Sunday Afternoon

Farmer baseball club defeated the Chatfield aggregation Sunday afternoon, 4-2. Newsom, Farmer hurler, allowed only four hits and fanned 17 batters.

Allen led the Farmer hitting attack with a home run and a two-bagger in four trips to the plate.

DALLAS MAN HAS BEEN IDENTIFIED AS KIDNAP LEADER

PINE BLUFF, Ark., June 8.—(AP)—Officers announced today that a man who gave his name as Clyde Brooks of Dallas, Texas, one of five suspects in custody, had been positively identified as the leader of a band which kidnaped them Tuesday in a frustrated plot to loot several store safes at Rison. Brooks was said by officers to be known also as Jesse Moore.

Deputy Sheriff W. A. Fore of Rison, J. R. Perkins and a negro, [illegible] Rogers of Stuttgart, were said by officers to have recognized Brooks as the leader of the gang which abducted them and held them captive while other members returned to Rison to loot several safes but ran into a heavy patrol of officers and citizens.

The four other suspects, two men and two women, who gave their names as Eddie King of Pine Bluff, Clyde Smiley of Lonoke, Mrs. Jim Barbee and Irene Holcomb of Pine Bluff, were held for further investigation.

TEN ADDITIONAL LOCAL MEN SENT CIVILIAN CAMP

Ten additional candidates for the Civilian Conservation Corps were forwarded to Waco Wednesday on short notice, local relief officials reported Thursday. This movement was made possible by the registration of more than the quota for this county.

Re-arrangement of the offices of the Corsicana Unemployed Relief Committe is now in progress, and in the future all but the accounting department will be housed in the building just across the alley from the Chamber of Commerce, formerly used by the Emergency Relief agency. All work cards will be distributed from that office, and all applications for work or assistance received there.

Relief officials reported Thursday that all of the negro lists had been classified and casework completed in compliance with the changes in regulations of the state and national set-ups; and that considerable progress had been made in investigating the white families inside the city limits now receving ad. All work in the county has been on case basis since its inception.

Ross Harris was in Dallas Thursday on business.

MURDER-SUICIDE FOLLOW ACCIDENT MILWAUKEE SCHOOL

ONE KILLED, TWO SERIOUSLY INJURED IN CRASH TUESDAY NIGHT

MILWAUKEE, June 7.—(AP)—A slaying and a suicide on thhe campus of Milwaukee Downer, College, exclusive school for girls, today followed an automobile accident near Waukesha in which one man was killed and two young women seriously injured. The tragedies followed a party at Waukesha beach.

The dead:

Leonard Nelson, 29, a janitor, who police said shot himself.

Gustave Peterson, 27, also a janitor, said by authorities to hhave been shot by Nelson.

Alvin Neilsen, 21, Irma, Wis., who died of injuries suffered in an accident near Waukesha.

The injured are Jeanette Roszak, 17, Milwaukee, and Erna Neilson, 19, sister of Alvin. Both girls were passengers in Nelson's car.

Nelson, Miss Roszak and the Neilsens were returning from a party at Waukesha Beach last night when the car went out of control, left the road and struck a telephone pole.

Neilsen and Miss Roszak, who were in the Rumble seat, were thrown onto the pavement and suffered skull fractures. Neilsen died this morning. Physicians said Miss Roszak' condition was critical. Miss Neilsen suffered cuts and bruises.

Sheriff Arthur Moran of Waukesha was summoned and directed the removal of the injured. Moran ordered Nelson to follow in his car, which had not been badly damaged. Nelson failed to appear.

Later Moran called the Milwaukee police, who went to the campus, roused the superintendent, and were directed to Kimberly Hall. In the bathroom of Nelson's quarters they found the body of Peterson, whom they took for Nelson.

While they were waiting for an ambulance they heard a shot. Guided by the report police found Nelson at the southwest corner of the campus. He was unconscious from a bullet wound in the right temple. He died two hours later at county emergency hospital without regaining consciousness.

Police said they had not ascertained the motive for the slaying of Peterson.

NEW CHATFIELD OIL TEST IS DRILLING BELOW 600 FEET

Operations on the R. B. Codding Lela G. Kelt No. 1, near the negro settlement of Timothy in the Chatfield section of the county were reported around 600 feet Wednesday, with some indications of gas and oil. Work has been underway on the well about a week, after the start was delayed for several days because of bad weather.

The test is scheduled to go to the Woodbine sands at about 3100 feet, but the operators announced sometime ago that if oil in sufficient quantities was found in the shallow sand about 800 feet, that the shallow producer would be completed and the rig moved over to a new location for the Woodbine test, with the smaller well supplying the fuel.

Approximately 5,000 acres have been blocked in the vicinity of the test.

Cake Sale Will Be Held by Members of Sunday School Class

As a means of raising funds for the Dorcas Sunday school class of the First Baptist church, the members are holding a cake sale Saturday, June 11, at Estes No. 4 on West Fifth avenue.

Lovely homemade cakes will be for sale, and your patronage is courteously solicited.

OIL MAN KILLED

(Continued From Page One)

land, Maine; two brothers, Robert Foster and Benjamin Foster, of Portland; and three sisters, Mrs. Arthur Cochrane and Miss Evelyn Foster of Portland, and Mrs. George Christian of Chicago.

Widely-known in Texas oil circles, Foster was regarded as one of the pioneer developers of the rich East Texas field. He formerly operated in Eldorado, coming to Texas in 1930 shortly after the Joiner discovery well was brought in.

He originally maintained offices in Tyler but recently moved to Dallas. He was president of Frank R. Foster, Inc.

PAPER PLAN

(Continued From Page One)

university professor and labor expert. Johnson has picked Donald Richberg, attorney for the railway labor executices and drafter of the bill, as general counsel for the administration. The advisory boards are expected to bring a revival of the volunteer or "dollar a year" service. Johnson is working strenuously to have things ready to go right after congress gets through with the bill.

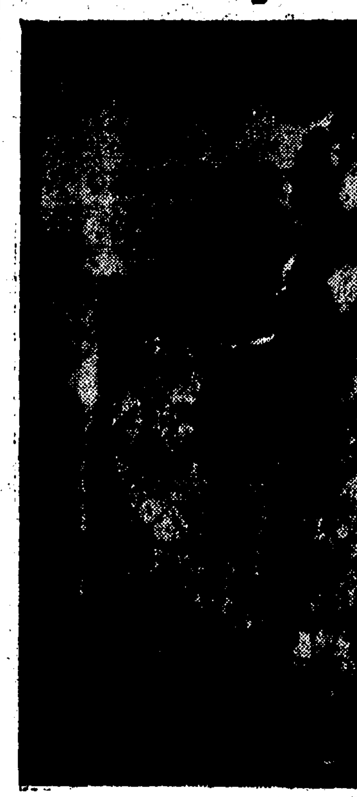
The idea of Roper's planning commission is to have industry rather than the government undertake measures to counteract the periodic ups and downs in prosperity.

Card of Thanks.

We wish to express our gratitude and love for the kindness and help shown us during the sickness and death of our dear wife, mother, daughter and sister, Mrs. Irene Black. We especially thank the doctors and nurse and the ones for the beautiful floral offering, Rev. Potete and every one that helped us in any way. May God's blessings rest on each and every one is our prayer.

R. L. Black and Family,
Mrs. C. C. Boyd, brothers and sisters.

Coming to Palace Sunday



"Adorable," the new romantic production from Fox, with Janet Gaynor and Henry Garat in the starring roles, comes to the Palace Theatre on Sunday to remain for an engagement of two days. It is reported as a whimsical romance, measured by the lilth of new music and wolesome romance.

The supporting cast includes C. Aubrey Smith, Herbert Mundin, Blanche Friderici, Stuart Holmes, Albert Conti, Ferdinand Schuman-Heink, Esther Muir, Hans von Twardowski, Peter Ruray, Barbara Leonard, Sterling Holloway and Joe Caits. Wilhelm Dieterle directed from the screen play by George Marion, Jr., and Jane Storm and the story by Paul Frank and Billie Wilder. The music is by Werner Richard Heymann with additional songs and lyrics by Richard A. Whiting and George Marion, Jr.

MITCHELL ADMITS BIG SALARY HIKE RECEIVED IN 1931

USED NONE, HOWEVER, TO PAY BACK MONEY ALLEGEDLY ADVANCED

NEW YORK, June 8.—(AP)—Chas. E. Mitchell testified at his income tax evasion trial today that in 1931 (he thought it was that year though he seemed uncertain) he received a 100 per cent salary increase—from $100,000 to $200,000.

And yet he used none of that extra salary, he acknowledged under questioning by United States Attorney George Z. Medalie, to pay back any of a $666,666.67 payment he had received from the National City Company and which he had not entered on his income tax return on the ground that it was not income but merely an advance to be repaid.

He said the salary increase was from $25,00 to $75,000 as chairman of the National City Company and from $75,000 to $125,000 as chairman of the National City Bank.

"And did you ever turn over any part of that salary inrepayment of the $666,666.67" Medalie asked.

"No, sir," Mitchell replied.

Under further questioning Mitchell told of another management fund split up which brought him $50,000.

"And you paid back no part of that to reduce that $666,666.67 debt?" asked Medalie.

"No, I paid back no part of it," Mitchell returned.

Mitchell is charged with defrauding the government of more than $850,000 in income taxes for 1929 and 1930, by sham sales of stock to his wife and to a friend of a friend, and by pretending that the management found payment was an advance rather than a gift.

Three Hundred New Producers In Texas Added During May

AUSTIN, June 8.—(AP)—There were 301 producing oil wells brought in in Texas during May, a report of the oil and gas division of the state railroad commission revealed today.

One hundred and seventy-five dry holes were noted.

Montgomery county took the lead with 63 producers and three dry holes. It was the first time in many months an East Texas county was deprived of honors. Rusk county reported 45 producers and 10 dry ones.

Gregg county was credited with 41 producers and eight dry holes. Archer county was given 15 producers and eight dry holes and Duval county 20 producers and six dry holes.

CONGRESS

(Continued From Page One)

it approved a resolution giving the senate banking committee authority to delve into the individual income tax returns of the J. P. Morgan banking house partners.

Senate and house conferees reach agreement on the administration's home mortgage relief bill, another step forward toward adjournment. The measure is to be brought up in both houses for quick action.

WASHINGTON, June 8.—(AP)—President Roosevelt has thrown overboard his plan to ask tariff-reducing authority, to obtain if possible adjournment of congress on Saturday, two days hence.

This new move to get the extra session before Monday's opening of the world economic conference in London was put before congressional leaders while the two houses were seething with controversy over veterans' economy and industrial legislation, now the only big measures remaining for disposal.

The capitol pilots promised their utmost, but were doubtful, though they saw just a possibility of adjournment, by dint of hard work, early next week.

Eddie Cantor In Kid From Spain At Ideal Sunday

"The Kid From Spain," Eddie Cantor's third and best starring vehicle for Samuel Goldwin, comes to the Ideal Theatre on Sunday and presents the pop-eyed comedian in what he sincerely believes is his greatest offering to the cause of amusement.

This picture continues Cantor's plans with Goldwyn of one film a year. Last year there was "Palmy Days" and the season before "Whooppee". but successful as those were, Eddie believes he has more than topped them with "The Kid From Spain."

In other words, this is Eddie's annual screen song-and-dance comedy.

Former Corsicana Student Won Honors Southern Methodist

The Dallas Journal, Wednesday evening, and this morning's issue of the Dallas News carried pictures of the winners of scholastic honors at S. M. U. at the commencement exercises Tuesday evening.

The following article which accompanied the picture of Claude Albritton in the Journal, will be of especial interest to the many Corsicana friends and acquaintances of Mr. and Mrs. C. C. Albritton and their honored son:

"Mr. Albritton, son of Mr. and Mrs. C. C. Albritton of Dallas, was awarded the E. A. DeWitt achievement medal by President Charles C. Selecman of Southern Methodist University at the annual commencement exercises Tuesday night. Mr. Albritton was receiving at the same time his bachelor of science degree.

The achievement medal is awarded each year to the senior selected by Alpha Theta Phi, honorary scholastic fraternity at S. M. U. as having outstanding qualities in scholarship and leadership. Mr. Albritton is a member of Alpha Theta Phi, having been elected to that organization while he was still a junior. He was vice president of the students' association during the current year, is a member of Kappa Alpha social fraternity and was selected twice as a candidate for a Rhodes scholarship."

Corsicana Couple Wed In Shreveport Wednesday, June 1

Mr. S. D. Ramsey of this city, and Mrs. Elizabeth Spencer, formerly of Oklahoma City, who has been making her home here the past year, were married in Shreveport, La., on Wdnesday, June 1. They returned to Corsicana the last of the week to Mr. Ramsey's home, 604 South Fifteenth street, and are planning to leave in a few days on a pleasure trip to Glen Rose.

Mr. and Mrs. Ramsey have a large circle of friends, who extend to them hearty congratulations and best wishes.

Young People to Attend Conference Kerrville Camp

Corsicana will be represented in the young people's work at the eight day conference of the Synod of Texas which opens Friday at Westminster Encampment, Kerrville, Texas, by the following delegates from the Christian Endeavor of the First Presbyterian church: Misses Ruth Hall, Evelyn Spikes and Helen Green. They accompanied Mrs. Ross Dickey, sponsor in her car, who will chaperone the girls and take a training course also.

Optimistic Reports Hold Attention Of Southwest Shippers

DALLAS, June 8.—(AP)—Generally optimistic reports on business conditions held the attention of delegates to the Southwest Shippers' advisory board today.

E. B. Spiller of Fort Worth declared that the livestock industry had shown a decided improvement and there were indications for further increases. Beef, he said, had improved by 250 to 300 per cent.

J. W. McCann of Houston said the cotton movement the past quarter had increased about 300 per cent over the same period last year because of the rising market and pointed to the month of May as a good example.

Have Fine Boy.

Mr. and Mrs. Beecher Brannon had a fine baby boy born to them early Thursday. The young gentleman weighed nearly 6 3-4 pounds. Both mother and baby are reported doing nicely and Mr. Brannon is the happiest young father in Texas.

DEMONSTRATION OF TILE CONSTRUCTION FOR SUB-IRRIGATION

NAVARRO COUNTY DEMONSTRATION COUNCIL TYING IN WITH YARD WORK

Demonstrations of the installation of Texas type concrete privy by Mr. Hale, state engineer, extension department, Texas A. and M. College, will be given in several communities of Navarro county during the week beginning Monday, June 19.

Miss Ruth McNabb, county demonstration agent, will give demonstrations of construction of tile for sub-irrigation for gardens.

These demonstrations are being given under the auspices of the Navarro county demonstration council which is tying in the sanitation program along with the yard improvement work for this year.

The first demonstration will be held at the home of Mrs. Gilmore in the Oak Valley community at 9 a. m., June 19. The women will bring their lunches and will conduct their regular club meeting in the afternoon.

Demonstrations will be conducted at the home of Mrs. Musa Tarrer in the Sands' Chapel community at 2 p. m., June 19. Follow-up meetings will be held Wednesday.

Demonstrations will be held at the Tupelo school house Thursday morning, June 22, at 9 o'clock. The club ladies will bring their lunches and a quilting party will be held during the afternoon. Demonstrations are scheduled at the home of Mrs. Mollie Anderson in the Winkler community Thursday afternoon at 2 o'clock, June 22. Follow-up meetings will be held Friday.

Everyone in the communities are invited to attend the meetings.

PROSPECT BRIGHT IN EASTERN SECTOR OF NAVARRO COUNTY

KERENS, June 8.—(Spl.)—Crop prospects are bright over this part of the county. Some corn is in roasting ears, oats have been cut and threshers will start next week. Maize has headed out in some fields, sorghum and other grains are good.

Cotton blooms were brought to the First National Bank Wednesday. Regardless of the advance in cotton prices farmers' wives are canning vegetables and fruits as they did last year.

The reports of merchants selling cans and canners here are about the same as last year. A large number of farmers have pastured yearlings to be canned this winter.

Farmers are more optimistic over the bright outlook of good crops this year than ever before in the history of east Navarro county.

Personal

W. Roy Christian, manager of the Oak Cliff Chamber of Commerce, formerly manager of the local Chamber of Commerce, was a business visitor in Corsicana Wednesday afternoon.

J. T. Stroder and E. R. Stroder, both of the Emmett community, were business visitors in Corsicana Thursday.

J. M. Tullos, county auditor, and C. E. McWilliams, county judge, were business visitors in Austin Thursday.

Jack Floyd, deputy sheriff, conveyed a person adjudged of unsound mind to the state institution in Austin Thursday.

May Receipts And Disbursements For State Government

AUSTIN, June 8.—(AP)—George H. Sheppard, state comptroller, reports receipts and disbursements for May 1933, as follows:

General revenue fund:
Deficit, April 30, $3,707,318.[illegible]
Receipts, $2,238,927.22.
Disbursements, $2,612,550.57.
Deficit May 31, $4,080,941.[illegible]
Available school fund:
Cash balance, April 30, [illegible] 951.25.
Receipts, $1,544,777.67.
Disbursements, $1,869,101.18.
Cash balance May 31, $1,1[illegible] 627.74-x.
(x)—Unpaid apportionment at May 31, $8 per capita on 1,567,177 scholastics.

Home Demonstration Club of Tupelo Met On Friday Morning

Tupelo Home Demonstration Club met Friday morning, June 2, at the school house with 21 members and a few visitors present.

After a brief business session, the meeting was turned over to Miss Ruth McNabb, our county demonstration agent, who gave a demonstration.

Two methods of canning were shown, using the pressure cooker and tin cans and the water bath method, using glass jars.

The points that she brought out most distinctly were that one must can fruits and vegetables just as soon as possible after gathering, and to have them perfectly clean, as well as the cans that they go into.

Booklets on canning and feeding the family from the garden were given to the members.

The meeting then adjourned to meet again on Wednesday afternoon, June 14. —Reporter.

GENE MOORE AIDS BUFFS TRIM HERD, SAN ANTONIO WINS

CATS AND EXPORTERS SPLIT BARGAIN BILL; GALVESTON WINS FROM INDIANS

[illegible] The Associated Press. [illegible] heavy hitting of Right [illegible]der Gene Moore contributed in [illegible]ig way to Houston's 10 to 4 [illegible]ctory over the revamped Dallas [illegible]teers Wednesday night.

Moore pounded out a three bagger and a home run in three official times at bat, driving in a pair of runs and scoring three more himself.

The Steers gave little Mike Cvengros plenty of trouble in the first five innings but after that he tightened up and they were unable to do much with his left-handed offerings. It was Cvengros' ninth win of the season.

San Antonio came from behind in a wild outbreak of scoring to defeat the Tulsa Oilers, 7 to 6, and retain their second place standing in the Texas league pennant fight.

The Missions, who have climbed until they are only three games behind the league leaders, have won their last eight games.

The third-place Galveston Buccaneers slugged King and Lang, Oklahoma City left-handed pitchers, for 12 hits to chalk up a 10 to 4 decision over the indians.

Frank Tubbs, Buccaneer right-hander, held the Indians hitless for the first four innings, then scattered eight hits over the rest of the game to maintain a safe lead. Harvell got to him for a pair of doubles.

At Beaumont the Fort Worth Cats split a double header, taking the first game, 4 to 2, in ten innings and dropping the other contest 6 to 2.

Pursley Trounced Emmett Aggregation

PURSLEY, June 8.—(Spl.)—Pursley team or the Home league maintained the lead in the percentage table here Sunday by defeating the Emmett aggregation 9 to 2.

Copeland held the invaders to six hits. Pursley fell on the delivery of the Emmett hurlers in the eighth to put over six runs.

The box Score. 6

Home League Has Added M'Canless As Eighth Club

The Home Baseball league in the western section of Navarro county has been re-organized into an eight club affair, according to Frank Williams, president, and a schedule has been drawn. The old circuit was composed of Spring Hill, Emmett, Silver City, Brushy Prairie, Corbet, Purdon and Pursley. McCanless has been added.

Under the by-laws adopted at the recent meeting, each club will be allowed a four-mile radius except incorporated towns with three mile radius, from which to recruit players.

The player-list is sixteen men, and any player must have a release from a club 10 days before he is eligible to play with another club (10 days from the date the release reaches the president).

Postponed games must be played with men eligible on the date the game was originally scheduled.

Any club playing an ineligible man shall forfeit the game to the offended club.

Home clubs must furnish one new baseball each game.

Winning clubs are required to report the games.

The opening date was May 13 and the closing day is Aug. 1.

The recent application of Montfort for membership was rejected with the provision that Montfort can take the place of any of the present clubs dropping out.

President Williams stated considerable difficulty was encountered in the drawing of the schedule due to the fact that Sunday baseball is not played in several of the communities in the circuit, and in some instances only two Sunday games per month are allowed.

NEW CHAIRMAN OF HIGHWAY BOARD HAS CALLED FOR MEETING

AUSTIN, June 8.—(AP)—John Wood of Timpson, designated by Governor Miriam A. Ferguson as chairman of the Texas Highway commission, has assumed office.

Wood immediately called a meeting of the commission for next Monday. He requested Mark Wigginton, commission secretary, to notify the other members, W. R. Ely of Abilene and D. K. Martin of San Antonio, of the meeting.

The meeting was called, Wood said, so that he could become acquainted with the other commissioners.

Ely has served as chairman since September, 1930, when Former Governor R. S. Sterling resigned the chairmanship after winning the Democratic nomination for governor.

It was rumored about the capiotl that a test might be made of Wood's right to the chairmanship. Speculation had it that Ely might be reluctant to give up the chairmanship and contend that the office rightfully was his until the end of his term.

United Charities Secretary Extends Thanks for Gifts

Miss Augusta Helm, United Charities secretary, extended her thanks Wednesday morning for a number of things given the organization by the Camp Fire girls, and to numerous individuals for responding to her recent plea for shoes. A number of very useful articles were received, and were put to good use by the organization, Miss Helm said.

Silver City Socked Brushy Prairie 13-1

SILVER CITY, June 8.—(Spl.)—Silver City smothered the Brushy Prairie nine here Sunday 13-1, in a Home league affair.

The local club hammered out eighteen base hits and assumed the lead in the first inning. Crecelius, Silver City hurler, allowed only five hits and held the Brushy Prairie hitters scoreless after the opening stanza.

The box score—

Silver City	AB	R	H	PO	A	E
T Campbell, rf.	6	1	1	0	0	0
A. Griffin, 3b.	5	2	3	0	0	0

REGULATIONS FOR USE CANNER UNITS WERE ANNOUNCED

TWENTY CANNING UNITS TO BE DISTRIBUTED THROUGH RELIEF COMMITTEE

Rules and regulations governing the use of the canner units supplied through the Corsicana Unemployed Relief Committee and the Corsicana Chamber of Commerce were announced Wednesday. Two of the twenty units will be awarded to the communities making the best showing at the close of the season, while the remainder will revert to the relief agency.

The canning units composed of cookers and sealers arrived Tuesday morning and six of them were distributed to various home demonstration clubs before noon Wednesday.

The following rules are self-explanatory:

1. As requested by the Texas Relief commission, canners will be placed only in communities having home demonstration clubs.

2. Canners will be placed in the hands of persons to be designated by the club president.

3. Canning equipment will be available for use for club members who are qualified through club work to put up a quality product.

4. Canners will be loaned to other persons in the communities only upon the condition of work being supervised by a member of the home demonstration club.

5.. Canners will not be loaned out for a greater length of time than 24 hours in an individual home so long as there is a demand for same.

6. .The club member in whose charge the canning equipment is placed is to keep a list of persons desiring the equipment and equipment will be loaned out up basis of the order in which requests were received.

7. Custodian of the canning equipment is to report to the Corsicana Chamber of Commerce any defect or broken attachments in order that same may be repaired.

8. Custodian of canning equipment is to keep an accurate record of the usage made of the canning equipment and forward her report to the Corsicana Chamber of Commerce each Saturday night.

9. All equipment is to be returned in good order to the Corsicana Chamber of Commerce December 1.

10. In awarding the two canners to be given as prizes, one each to the two highest scoring home demonstration clubs, the following method of scoring will be observed.

No. 2 cans of vegetables count 2 points.

No. 3 cans of vegetables count 3 points.

No. 2 cans of meat count 4 points.

No. 3 cans of meat count 6 points.

11. At the end of the season a total of points made by each club on the above basis will be divided by the total number of families nusing the canner and the result will be considered the score of that club.

12.. Only such produce as is processed in equipment loaned through the Chamber of Commmerce shall be as credit in this contest.

13. The right is reserved to recall canning equipment in any instance where in the opinion of the committee either improper or insufficient use is being made of same.

DALLAS BOY WAS INJURED WHEN POT OF TAR EXPLODED

Floyd Medford, Jr., agen 10 years, son of Mr. and Mrs. Floyd Medford, 3729 Lagow, Dallas, was seriously burned Wednesday afternoon when a pot of tar which he and several other boys were boiling exploded.

The lad sufefred burns about the face, eyes, hands, arms and ears. He was treated at a physician's office. It is not thought that the burns will cause permanent injury. None of the other boys was injured.

The youngster was visiting his grandparents, Mr. and Mrs. V. T. Wright.

COMPETENT STAFF TO COVER FIGHT FOR ASSOCIATED PRESS

NEW YORK, June 8.—(AP)—An Asociated Press sports staff of four headed by Edward J. Neil, noted writer who has covered every important heavyweight battle during the last seven years, has been assigned to give Associated Press papers a graphic description of the Max Baer-Max Schmeling 15-round bout in Yankee Stadium tonight.

Neil will handle the main story, including the descrintion of the setting as the crowd begins to gather, a round by round description of the fight and the general lead.

Gayle Talbot and Foster Hailey will handle the side features, dressing room scenes, and Talbot will tell who won and lost and why in the general lead for afternoon papers of tomorrow.

"Pap" celebrated Associated Press cartoonist, will peer at the fighters from a seat at the ringside to give feature service subscribers his impressions—in black and white—of the progress of the bout.

Treasury Figures.

WASHINGTON, June 8.—(AP)—Treasury receipts for June 6 were $5,648,624.77; expenditures $9,831,279.29; balance $310,185,104.39. Custom duties for 6 days of June were $4,502,280.20.

Atlanta Netter In Fourth Round Cotton States Tournament

FORT BENNING, Ga., June 8.—(AP)—Byran Grant of Atlanta, seeded number one in the Cotton States tennis tournament, went into the fourth round today with two fairly easy victories and a match by default to his credit.

Tom Galloway, Jr., of Barnesville defaulted to grant the opening round and the little Atlanta star won the second from Rickey Willis of the University of North Carolina, 8-6, 6-0 and the third from Judge Beavers of Athens, 6-1, 6-1.

PUBLIC PROJECTS BE DISCUSSED AT DISTRICT MEETING

ALL INTERESTED PERSONS INVITED TO ATTEND JUNE 20 GATHERING

ow East Texas political subdivisions may undertake construction of public projects under the terms of the National Industrial Recovery act will be considered in a district meeting called by officials of the East Texas Chamber of Commerce on June 20 from 2 to 4 p. m., according to information received from Hubert M. Harison, manager of the regional chamber and local chamber officials.

Public officials, chamber of commerce leaders, dealers, contractors, and all other interested persons are invited to be present and participate in the discussions. Acording to the federal act, practically every kind of a public project seems to be eligible, Mr. Harison asserts, providing that up to thirty per cent of the cost of labor and materials may be given as a direct grant by the federal government to the political subdivision undertaking the public projects, and also provides for assistance in financing the remainder of the costs. There is no requirement that the project be self-liquidating.

More Projects Added

In addition to the projects eligible under the provisions of the old Reconstruction Finance Corporation act, the following have been added: Construction, repair, and improvements of highways and parkways, public buildings or any public owned properties or plants; conservation and development of natural resources including utilization, purification and control of waters, prevention of soil erosion, development of water power, transmission of electrical energy and construction of river and harbor improvement; any projects of a character heretofore constructed or carried on either directly by public authority, or with public aid to serve the interests of the public; construction under public regulation of low-cost housing and slum-clearance projects.

The meeting wil be held in the Chamber of Commerce quarters according to present plans.

Plans to Be Discussed.

Steps which each community must take to secure a goodly share of the $25,500,000 of federal money which will launch an extensive road-building program for Texas about July 1, will be discussed at a state-wide meting of road enthusiasts in Longview on June 16, according to a recent announcement by W. R. Nicholson director of the Texas Good Roads association. The afternoon session will be devoted to regional planning, while Judge W. R. Ely will speak at night.

"The Texas Good Roads association," Mr. Nicholson said, "has prevented the diversion of the gasoline tax from the highways to the general fund, has secured a law to punish the gasoline tax evader, and now has helped to secure for Texas roads a large portion of the Federal Public Works program. It is now the Association's object to help each community get its share of the money to be spent by getting their plans ready and educating them to the highway situation in the state."

MATTERN

(Continued From Page One)

bilizer and I cannot make permanent repairs here.

Repairs Are Made.

"They have helped me as much as they can here, however, and I shall be able to get off with temporory repairs within a few hours and run into Krasnoyarsk, where there are facilities for fixing this stabilizer.

"I have already fixed the gas line leak and I am almost ready to take off as far as repairs are concerned.

"The only thing is that I feel too sick now, and I think I will wait a few hours until I get better."

Asked if he had got any sleep, Mattern replied:

"Not much. I have been working on the ship ever since coming down. But I am not very sleepy and I'll probably pick up some rest at Krasnoyarsk. How is my elapsed time from New York now "

He was assured that he was all right. In response to a question about what his own log said, Mattern replied:

"Hell! I have lost all track of time."

Asked the exact time he landed, the flier gave the same rejoinder.

Lost Track of Time.

"I can't tell you exactly," he explained, "but I was just four hours out of Omsk when I found out what had happened and I came down almost immediately."

Having left Omsk at 1:10 a.m. Wednesday, Moscow time, (5:10 p. m. Tesday, eastern standard time), his landing would have been some time after 5:00 a.m. Moscow time (9:00 p.m. Tuesday, eastern standard time), or approximately one hour after he passed over Novosibirsk.

"I climbed out of my plane by myself," Mattern continued, "although I was so groggy I could hardly stand. Before I knew it there were a lot of people around me but I could not understand the questions they were shooting at me.

"They took me into a nearby house and by that time they found somebody who spoke English. They tried to put me to bed but I only sat down a few minutes and then went back to the plane."

"They have been awfully good to me, giving me hot drinks and food, but I can't keep any of it down. As soon as I get these fumes out of my system I'll be all right."

Mattern's landing place was five kilometers (about three miles) from the little industrial settlement of Belovo, where miners of the surrounding Kuznetz coal basin have their homes.

To get him on the telephone it was necessary to communicate first with the manager of the Belovo telegraph station, in which is the town's only telephone line to the outside world, and to prevail upon the manager to send an automobile to get the flier. Some three hours elapsed between the time the request was made to [illegible] time the aviator's [illegible] telephone into the Associated Press Bureau in Moscow.

The apparent discrepancy in the landing time of Mattern at Prokopievsk may be explained by the fact that he was suffering from illness brought on by fumes and in his own words said that he had 'lost all track of it."

According to the station master at Velovo, near Prokopievsk, the aviator landed at 10 a. m., Moscow time Wednesday (2 a. m. Eastern Standard Time.) His own statement was that about four hours after his departure from Omsk he found himself in trouble and came down almost directly. This would place his landing at about 5 a. m. Moscow time or about 9 p. m., Tuesday Eastern Standard time.

Bandits Find Easy Marks In Marxes and Other Stars

While still suffering from the shock of being robbed of $37,000 worth of jewelry five months ago, Mrs. Zeppo Marx, wife of one of the four famous movie comedians, was given reason to doubt the truth of the old maxim about lightning not striking twice in the same place. A brace of daring gunmen, gaining admittance to the Marx home in Hollywood, tied up the comedian's servants, forced Zeppo and Mrs. Marx into a clothes closet and decamped with nearly $30,000 worth of gems. Police believe that the perpetrators of the robbery are of the same gang that robbed Helene Costello, of the film sisters, of $30,000 in jewels last year, and took $5,000 in jeweled baubles from Mae West, the "Diamond Lil" of stage and screen. Betty Compson, who was held up and robbed of $41,500 last January, was luckier than the others, for the loot was mysteriously returned some days after the robbery.

GERMANY DECLARES MORATORIUM RESULT OLD BANK CRISIS

EXPECT CREDIT TRANSFERS MADE AFTER JULY 31, 1931, BE MADE

BERLIN, June 8.—(AP)—A general moratorium was declared tonight on credits to Germany originating before the German bank crisis of July, 1931.

Transfer will be made as far as possible on credits granted Germany after July 31, 1931, it was announced. The present financial condition, traceable to the bank crisis of 1931 was given as the reason for the moratorium.

BERLIN, June 8.—(AP)—Despite widespread rumors of a general moratorium on all foreign debts, persons in authority who most recently have talked with Dr. Hjalmar Schacht, president of the reichsbank, expressed the belief today that the reichsbank will not ask the German cabinet for more authority than to change the speed and rate of debts payments for the time being.

In other words, they said, there will be no moratorium on debts, but Dr. Schacht will ask authority to do the following at present:

First, desist from setting aside money for the amortization fund until better conditions prevail;

Second, seek to persuade creditors to accept lower interest rates;

Third, postpone from month to month the repayment of such installments as fall due, with a resumption of repayment whenever the German financial situation permits it.

According to those who have talked with Dr. Schacht, it further seems likely that these measures will be applied chiefly to long-term debts in consideration of the fact that those bondholders all over the world are unorganized and therefore not capable of making their opinions known.

BLOW TO THEORY OF LIFE ON MARS BY 2 ASTRONOMERS

By EVERETT H. TIPTON
Associated Press Staff Writer.

PASADENA, Calif., June 8.—(AP)—A blow to any theory that human life may exist on Mars was given today by two astronomers of the Carnegie Institution's Mt. Wilson observatory.

Dr. Walter S. Adams, director of the observatory, and Dr. Theodore Dunham, Jr., have made observations which indicate the amount of free oxygen on the planet is less than one per cent of that on the earth.

The astronomers have declined to discuss the possibility of life on Mars, Dr. Adams stating before their findings were made public:

"Ours is purely a scientific investigation. We are interested solely in determining the amount of oxygen on Mars"

Scientists generally, however, have regarded Mars as the planet most suited for human existence. Most of the others are too cold. Even on Mars the summer temperature ranges at times in its 687 day year from 79 degrees farenheight to far below zero. Its eclipse is much more pronounced than that of the earth and when it is fartherest from the sun its maximum summer temperature is 32 degrees, the freezing point.

Dr. Adams and Dr. Dunham began their observations last November with the 100-inch telescope, the most powerful spectograph used on planets and highly sensitive photographic plates.

MUSICAL PROGRAM FEATURED CIVITAN LUNCHEON SESSION

A trio of entertainers from Westminster College, Tehuacana, furnised the program at Thursday's luncheon meeting of the Civitan club at the Navarro hotel. Russell Purifoy had charge of the arrangements.

Next week's program will be handled by Ed Wendorf and Rev. E. T. Miller. President Marvin Thomas named the committees for the coming year. The club voted unanimously to endorse the proposed holding of a joint luncheon meeting with the Rotary and Lions clubs monthly, and instructed President Thomas to act for the Civitan club.

Mr. Purifoy introduced Mr. and Mrs. W. P. Moody, and Lewis Hearn, of Tehuacana, who gave a varied musical program, and a short talk. Mr. Moody is dean of the college, and Mr. Hearn is a graduate.

Mr. Hearn was presented in a vocal solo, with Mrs. Moody as the accompanist, and then he and Mr. Moody sang a duet, "Oh, Pal Remember Me." Mr. Moody played two trumpet solos, "The Rosary" and "Sollioquy," with Mrs. Wood at the piano. Mr. Hearn, who won the Tehuacana district in the Texas Oratorical association contest, made on interesting talk upon "Radio" and Mr. Moody closed the program with a vocal solo, "The Sunshine of Your smile."

Considerable business was transacted folowing the program.

VETERANS

(Continued From Page One)

The President, Byrns said, had made some "great concessions" as did advocates of the Connally amendment on the presumptive world war veteran cases.

The President's compromise proposal includes an agreement that the compensation of no veteran with service connected disability shall be reduced more than 25 per cent, that in border line presumptive cases the veterans will be given benefit of the doubt and that in other presumptive cases right of six months appeal shall be given.

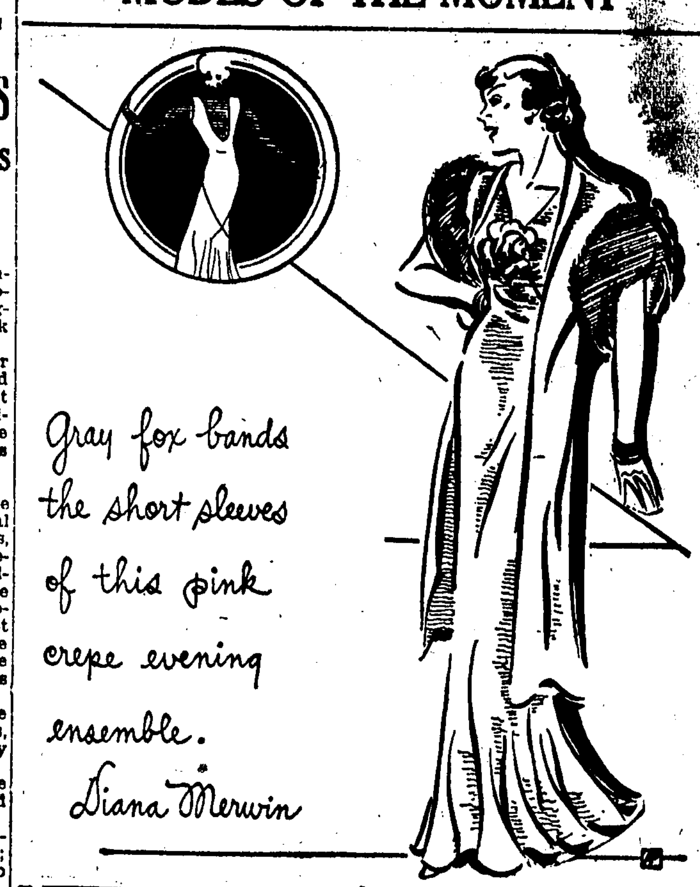
MODES OF THE MOMENT



Gray fox bands the short sleeves of this pink crepe evening ensemble.
Diana Merwin

Rose pink crepe, in a very dull finish, provides a charming contrast to the short gray fox sleeves of the ensemble, illustrated aboe.

Slim, form-fitting, almost princess lines, distinguish the gown, whose sngle adornment s a velvet flower. Flowers are more frequently placed conenlently on the bosom than at the belt or on the shoulder, though the latter is still an acceptable fashion.

The loose coat of this costume achieves broad shoulders by means of the fur trimming. Not being an exaggerated shoulder, it is flattering to both the matron and the maid.

Paris is favoring a very tight evening skirt, with only a very low placed circular flounce, that is scant at that. The thin evening materials appear in dresses tight to the knee, with a ripple flare below.

Lelong is featuring organdie muslin eening models with circular cuts from the wasti. Chanel carres out much the same lines by means of gores.

EMMETT

EMMETT, June 8.—(Spl.)—Mrs. Nellie Speed and children and Mrs. Speed's mother, Mrs. Laura Miller, all of Corsicana, spent the week end among relatives of this community.

J. C. Grant was in Frost Saturday.

Mr. and Mrs. Valon Lonon visited Mrs. Lizzie Eaton Sunday night until bed time.

Mr. and Mrs. Sheely Anderson and children of Percellia spent Friday night with his father after being called here on account of his mother passing away. They returned home Saturday.

Mrs. G. W. Kent and children visited Mrs. Kent's mother, Mrs. Boone of Roane Monday afternoon.

Mr. and Mrs. E. B. York and children spent Sunday with Mrs. York's mother, Mrs. M. H. Varner and family.

Mr. and Mrs. Bob Blakney of Powell visited Mr. and Mrs. J. V. Lawhon Saturday afternoon.

Mr. and Mrs. J. E. Griggs and children of Elm Flat and Mr. and Mrs. Robert Anderson all visited Mr. and Mrs. Rufus Ross of Roane Sunday.

Mrs. M. Dawson and little daughter of Corsicana visited Mr. and Mrs. Bill Dawson Sunday.

Several in this community are sick with the flu.

Mrs. Hallie Reagan and little daughter, Betty Jean of Corsicana, spent the week-end with Mrs. M. Kent ad family. Mrs. L. L. Parker and little daughter Joyce Evelyn joined them Sunday afternoon.

J. T. and Olin Beasley were Corsicana visitors Sunday night.

SILVER CITY

SILVER CITY, June 8.—(Spl.)—Mr. and Mrs. Grady Thomas and Mr. and Mrs. Jimmie Henderson were in Corsicana Tuesday.

A large crowd attended the cream supper here Saturday night.

Mr. and Mrs. Homer McNabb spent the day at Alliance Hall Sunday.

Mr. and Mrs. Marvin McNabb visited Mr. and Mrs. Arnie Griffin Sunday.

Mr. and Mrs. Grady Thomas visited Mr. and Mrs. Marshal Farmer Sunday.

Mrs. Alva Mae Thomas and Mrs. Gaddy visted Mrs. Marshall Farmer Saturday afternoon.

Mr. and Mrs. Richard Hodges, Mr. and Mrs. Tolar McCullah, Mr. and Mrs. Asbury Farmer and children, Mr. and Mrs. Russell Farmer and children and Mr. and Mrs. Frank Brown visited in the home of Mr. and Mrs. I. D. Farmer Sunday.

Steene Lewis and Carl Lee Waits of Alliance Hall spent a week with Mr. and Mrs. Homer McNabb.

Miss Opal Yates of Alliance Hall spent the day Sunday with Mr. and Mrs. I. D. Farmer.

James Hargraves and children John and Tressie Iee, from Brushy Prairie attended the ball game here Sunday.

Mr. and Mrs. Nolan Forshaw spent the day Sunday with Mr. and Mrs. Jimmie Henderson.

Misses Oleta Hagle and Maurine Hagle spent the day Sunday with Mrs. Henry Crecelius.

Child Accidentally Killed.

MALAKOFF, June 8.—(AP)—The accidental discharge of a shotgun in the hands of a seven-year-old son of John Racker, south of Malakoff, took the life of his six-year-old sister and injured another girl in the foot yesterday. The other members of the family were in a nearby field at the time.

JAPAN EXPECTED TO INCREASE PURCHASE AMERICAN COTTON

OSAKA, Japan, June 8.—(AP)—The prospect of a marked increase in Japanese purchases of American raw cotton is expected as a result of a decision of the Japan cotton spinners federation to cease buying raw cotton from British India.

This decision, reached by the federation's emergency committee, is in retaliation for India's 50 per cent increase in duties on non-British cotton cloths announced June 6.

The Indian action was taken because of the depression in the yen and the pressure of Japanese competition.

In the past three months, Japan's purchases of raw cotton from India have considerably exceeded purchases from the United States.

Simla's tariff boost is interpreted as being designed to close one of the Japan cotton industry's richest markets and, combined with India's notification on April 10 abrogating an Indo-Japanese commercial treaty, aroured bitterness throughout industrial Japan.

Oklahoma Bank Head Arrested In Kansas

WATONGA, Okla., June 8.—(AP)—E. T. Hoberecht, former president of the First State Bank and Trust company of Watonga, was arrested in Wichita, Kas., today, Blaine county officers were advised.

Two informations charging Hoberecht with embezzlement were filed yesterday. One charged he embezzled $10,000 from Ed Young, one of the bank's depositors, last December, and the other he embezzled $5,000 of the banks funds in May.

The bank, which has been operating on a 5 per cent restriction basis since the bank holiday last March, continued operation under the supervision of the state bank commissioner, with the same directors with the exception of Hoberecht, who resigned as president last Tuesday.

Fidellis Class In Monthly Business And Luncheon Meet

The members of the Fidellis class of the First Baptist Sunday school met Tuesday noon at the home of Miss Opal Green, 1013 West Eleventh avenue, in regular monthly business and social session, with a luncheon served at three tables. During the progress of the luncheon, which was opened with prayer by the teacher, Mrs. G. S. Smith, matters of business were dispatched and reports given by the officers. Miss Gladys Bickerstaff was elected secretary to fill the vacancy made by Miss Veramae Stone when she left for Denton to enter C. I. A. for special study this summer; and Miss Anna Bell Wright was elected third vice-president in the place of Miss June Amos, one of the teachers in the Travis school, who has gone home for the summer vacation.

Misses Opal Green and Nora Wilson were the menu chairmen, and all enjoyed the luncheon plate of tuna fish sandwiches, piemento sandwiches, combination salad, potato chips, pineapple and chocolate pies and ice tea. The tables were laid in attractive crepe paper luncheon cloths with napkins to match, and the home was brightened with a variety of garden flowers.

After the luncheon games were enjoyed at the tables by the ten members present.

Corsicana Camp Fire Workers at Dallas-Conference

Misses Nettie Bonner, Eula Bonner, Mabel Whytte, Sarah Jester and Sara Sowell left this morning for Dallas to attend a Camp Fire Girls training course through today, Friday and Saturday at Camp Wisdom with the Dallas Camp Fire Councel as hostess.

Miss Ruby Lattimore and Miss Eldon DeMots, national field secrettries will conduct the course assisted by Dallas Camp Fire leaders.

BELL POINT

BELL POINT, June 8.—(Spl.)—After this week most of the farmers of this community will be up with their work.

Mr. and Mrs. R. Crawford and children spent Monday afternoon with Mr. and Mrs. J. L. Tadlock.

Mrs. Carl Smith of Jester spent Saturday with her mother, Mrs. Eunice Jayroe.

Mr. and Mrs. Guy Farmer spent Saturday night with Mr. Farmer's parents, Mr. and Mrs. L. L. Farmer.

Mr. and Mrs. Dock Brown and children of Three Way spent last Sunday afternoon with Mr. and Mrs. S. G. Ivie.

Miss Catherine and Daniel Ivie shpent Sunday with Mr. and Mrs. Elmore Horton.

Mr. and Mrs. Jack Cellie and children of Ennis, Mr. and Mrs. Roland Jayroe and daughter Elizabeth Christine, Mr. and Mrs. Jewel McClintock spent Sunday with Mr. and Mrs. Jim Jayroe.

Mr. and Mrs. Marvin McNabb and son, Ted Nelson, spent Sunday with Mr. and Mrs. Arvil Griffin of Three Way.

Mr. and Mrs M. V. McElwrath, Mrs. llar and John Wesley Hodges if Purdon, Mr. and Mrs. Leroy Barden, Mr. and Mrs. J. R. Ivie and baby, Roxie D., spent Sunday with Mr. and Mrs. J. L. Tadlock and family.

Several from this community attended the baseball game at Silver City Sunday afternoon. between Silver City and Brushie Prairie.

Mr. and Mrs. Lee Putman and family of Alliance Hall visited Mr. and Mrs. Clarence Putman recently.

Little Deward Hodges spent Saturday with his grandmother, Mrs. Emma Peden of Three Way.

Nannie Faye and Jack Cellie Jr. of Ennis spent last week with their grandparents, Mr. and Mrs. Jim Jayroe.

Roxie D. Ivie is spending the week with her grandparents, Mr. and Mrs. J. L. Tadlick.

Mr. Everett Smith of Fairfield is visiting friends and relatives here.

Mrs. Horn of West is spending a few days with her son, Clyde Horn.

Says Investigations Terribly Destruct

WASHINGTON, June 8.— Unanimously, the senate today tended the authority of its c mittee investigating J. P. Mor and Co., for examination of st transactions by which partners the firm reduced their inco taxes.

O. P. Van Sweringen, railro operator, told senate investigat of J. P. Morgan and Comp today that all business was proving, "but these investigat are terrifically destructive."

The committee simultaneous was hearing from O. P. V Sweringen that the special co poration device used in some Va Sweringen railroad operations escape income tax payment ha on one occasion removed liabilit for tax on $12,000,000.

Testifying for the fourth da the Ohioan recited his answer to Ferinand Pecora, committe counsel—in a voice audible to fe of the much-smaller-than-usua crowd that had gathered.

J. P. Morgan [illegible] his partners again were present but paid little attention to proceedings at the start.

The attitude the Morgan partners will take as a result of the latest senate move to uncover the income [illegible] remains to be seen.

Their counsel, John W. Davis refused to [illegible] but did say that if the [illegible] authority [illegible] procedure [illegible] Lamont—a young [illegible] fuse to answer questions.

"That will put it up to the senate and will provide [illegible] for a test," he told [illegible]

In offering his resolution yesterday, Fletcher assured the senate it would provide ample authority for the committee to [illegible] at the facts and these facts will enable the department of justice and the internal revenue bureau to proceed as may be required."

Both of these agencies already are studying previous testimony in the Morgan inquiry, and it was disclosed the justice department has asked for original copies of some of the evidence.

The senate also voted an additional 100,000 to enable the investigation to proceed into other angles of private banking.

Senate Votes to Support Committee

WASHINGTON, June 8.—(AP)—The senate today empowered its committee investigating J. P. Morgan and Company to go into the individual income tax returns of the firm's partners.

The vote took place almost as soon as the senate met. O. P. Van Sweringen in the [illegible] resuming his testimony before the committee on aid received from Morgan in financing the rail ventures of himself and his brother, M. J. Van Sweringen.

The resolution was introduced jointly by Chairman Fletcher and Senator Steiwer (R., Ore.), to extend authority to the committee to inquire into stock transactions affecting tax payments.

Unanimous consent was given by the senate for consideration of the resolution out of order and it went through within a minute, after Fletcher explained the committee's authority had been challenged.

Uc4-s asfewshrdl cmf shr shr sh

There was no debate.

The senate also adopted the Costigan resolution giving the committee an additional appropriation of $100,000 to carry its investigation through to the next session of congress and covering other private banks such as Kuhn Loeb and Co., and Dillon Read.

For the first time relatively few spectators were on hand for the hearing.

John W. Davis, Morgan counsel, refused to say to reporters whether the committee's power to examine Thomas S. Lamont's stock transactions would be challenged further after the passage of the resolution extending the committee's power.

He said, however, that should the decision be made to carry the matter further, Lamont, son of Thomas W. Lamont and a Morgan partner, would refuse to answer questions.

WAR DEBTS

(Continued From Page One)

to London, where they were due late in the afternoon.

Reach London.

LONDON, June 8.—(AP)—Secretary Hull and other members of the American delegation to the world economic conference arrived this evening at Paddington railway station, London.

Welcomed by British foreign office officials, the American delegates went directly to their headquarters in Claridge's Hotel.

JUST FOLKS

(Copyright, 1932, Edgar A. Guest.)

The Little House.

The little house is not too small
To shelter friends who come to call.
Though low the roof and small its space
It holds the Lord's abounding grace,
And every simple room may be
Endowed with happy memory.

The little house, severely plain,
A wealth of beauty may contain
Within it those who dwell may find
High faith which makes the peace of mind,
And that sweet understanding which
Can make the poorest cottage rich.

The little house can hold all things
From which the soul's contentment springs,
'Tis not too small for love to grow,
For all the joys that mortals know
For mirth and song and that delight
Which makes the humblest dwelling bright.

AGITATION GROWING WEAK.

The latest bonus march had two results that are not without some importance.

It caused a few hundred of the marchers to get jobs in the reforestaton army and it showed that congress and the president still are against immediate payment. President Roosevelt's statement to the delegation which he received that he would veto any legislation for immediate payment if congress should pass it left no doubt as to the executive's attitude. The president's stand probably had the effect of discouraging pro-bonus members of congress in trying to get a bill through at this time.

It is evident that the present bonus agitation is inspired chiefly by radicals. The great majority of veterans appear to have been brought around to taking a sensible and patriotic view of the question. They recognize that the country is in no condition to pay the bonus now. They realize that further agitation would have the effect of weakening their cause by further turning public sentiment against the proposal.

They are taking the right attitude. There will remain some radical elements who will continue to agitate for immediate payment and try to promote “marches” on the capital. Their ranks, however, have become rather thin, which is a testimonial to the sound judgment of the great body of veterans.

THE WIDE, WIDE WORLD

Do not be distressed overmuch by news of evil. This is a wide, wide world. It contains much that is bad, but more that is good. Righteousness is slowly, but surely, triumphing over sin.

If you do not believe that, or merely have not realized it, turn for a moment to contemplation of happier things. Turn your tired eyes from the day's record of evil to the day's golden roll of honor. There is more of good news than of bad news today, every day. There is more to see on the sunny side, and it is more worth seeing.

There are only two reasons for gazing at ugly things; either that we may more fully know evil when we meet, even in gilded robes; or that we may grapple with it and blot it out.

Broad highroads of honor lead to every worthy goal of life. The mud roads are in the lowlands, leading only to dissolution and corruption. If we travel the mud road it is at our own volition.

Sin is not the harvest of life. It is the chaff threshed from the wholesome grain and will be swept from the threshing floor. Why look upon the chaff when the grain is there?

If some days the volume of chaff seems greater than others, know that the threshing has been more thorough.

This is a wide, wide world, and full of sweetness for those who would find it.

Some divorces remind you of baseball strategy. The pitcher isn't jerked because he's going bad, but for the sake of a pinch hitter.

You needn't look to make sure. When the movie hero picks up the heroine, the weeping lady behind you weighs 212 pounds.

Some written laws need unwriting.

STATES CLEANING HOUSE

An Associated Press survey of what state legislatures are doing in an effort to reduce public expenditures shows that decided progress in this direction is being made. Important changes already have been effected in some states while in others they are in prospect.

Abolition and consolidation of departments and bureaus constitute the main effort toward meeting the need for less expensive government. Most of these changes appear to have been made along wise lines without crippling or seriously hampering government in any of its important functions.

Among the most far-reaching reforms noted, in point of the number of agencies affected, was the action in Indiana. There 160 boards and bureaus were grouped under eight departments. Many job holders have been eliminated in virtually all of the states that have sought to reduce their expenditures.

That the governments of the states cutting down their budgets will be on a more sound footing in the future is a certainty. Numerous unessential offices were created during the years of prosperity when taxpayers paid little attention to what their legislatures were doing.

The house cleaning now taking place is a healthful sign. It shows that legislatures can be made responsive to public demand. It shows, too, that taxpayers can and will become aroused when governments begin to press too hard upon them as result of wastefulness and extravagance.

Good work is being done.

MONEY MANAGEMENT.

Not even the first sweltering days have succeeded in crowding off the boards that subject of first importance in present-day conversation, inflation. Everybody talks about it, although few know anything about it; the government deals with it at first hand; economists explain it—to their own satisfaction at least—and books are published on the subject.

Everybody is either emphatically for or unalterably against inflation, although there isn't one person in ten thousand who has a very clear idea of just what inflation involves. With most of us it is either just a slogan or a tradition.

Donald B. Woodward and Marc A. Rose in their work, “Inflation,” provide a simple definition of inflation and make out a good case in its defense as a sane and sensible way out of America's present economic dilemma.

They define it as “‘the manipulation or control of money to the end of decreasing its value, that is, of raising broad price averages.”

And they defend it, or advocate it in the present emergency, on the grounds that the United States has managed everything but money and now finds that it should have managed money first.

“The United States in 1929 was more vulnerable to the onslaught of price declines and monetary disturbances than any nation ever before had been,” they write. “It is a truism that the more dependent a society is upon money the harder it will be hit by financial upheaval.. The greater its use and abuse of money and credit the greater its collapse when money and credit machinery breaks down.”

PLAN OF HEAVILY ARMED MEN TO LOOT ARKANSAS TOWN WAS FRUSTRATED AFTER KIDNAPING

RISON, Ark., June 6. (AP)—A band of between five and seven heavily armed men who Sheriff Roy Morrison said he believed were flee-Kansas convicts were thwarted in an attempt to loot this town today after the early morning kidnaping of the night watchman.

Lights were turned on and an armed guard of the citizens patrolled the streets after the alarm was given that Deputy Sheriff W. A. Fore, night watchman, and J. R. Perkins and Sam Rogers, a negro, had been kidnaped by three armed men from in front of Harry Thomasson's merchandise store about 1 a.m.

Thomasson, wakened by Perkins and Rogers who had come to deliver a load of hay from Stuttgart, witnessed the kidnaping of the men when he got up to meet Perkins, and heard them tell Fore they would return to “loot five or six safes.” Their car bore an Oklahoma license.

Thomasson immediately notified Sheriff Morrison who ordered the town's lights turned on and assembled a citizens' patrol.

Fore, Perkins and the negro were released on the Rison-Pine Bluff highway about two hours later when the gang traveling in two automobiles spotted a carload of officers from Pine Bluff. The Pine Bluff officers picked up Fore and his companions and gave chase, but were outdistanced.

Fore said the three men who took him and the two others captive drove them to a wooded spot about three miles from Rison where they met another car in which three or four men armed with sawed off shot guns sat. Leaving the captive trio under the guard of one man, the five or six other members of the gang piled into two automobiles and headed back to Rison. In about half an hour or more, Fore said, they returned, their looting plans evidently thwarted by the presence of the armed guard.

Fore and his companions were ordered into one of the cars which contained, Fore said, a collection of safe cracking tools. Both cars then headed toward Pine Bluff. As the cars reached a point about five miles south of that city they passed an automobile in which Pine Bluff officers were responding to an alarm sent out by Sheriff Morrison that the gang was headed north toward Pine Bluff.

The gang stopped for a moment, and released Fore and his companions with an apology for having taken Fore so far from his post. Turning around, the Pine Bluff officers picked up Fore and the others and made a futile attempt to overhaul the fleeing gang.

WOOL HAS SCORED HEAVIEST ADVANCES FOR ANY COMMODITY IN REPERTOIRE OF FARMERS

WASHINGTON, June 6.—(AP)—More money is jingling in the pockets of sheep raisers for wool has scored the most sensational advances of any farm commodity in the last six weeks.

A report by the bureau of agriculture economics today showed that in the third week of May quotations for domestic wool on the Boston market, the national wool center, were 40 to 70 per cent above the March, 1933, low point.

They were from 70 to 120 per cent above the low point of July, 1932, when prices hit levels sheep men prefer to forget. New clip wool is now arriving in eastern markets and the advance is significant because farmers in many cases have new wool on hand and can take advantage of the improved price.

The bureau attributes the rise to the simulus of changes in national monetary policy, increased buying activity and low spot supplies. Prices in foreign markets have also risen but less than in this country.

The increased prices have increased demand with many manufacturers rushing in for supplies. The bureau found consumption during April and early May, usually on the decline at that season, increased this year.

There was more buying at Boston, increased purchases of woolen textiles and reports of greater activity in textile manufacturing centers.

TOM HUNTER SAYS STILL RUNNING FOR GOVERNOR IN 1934

DALLAS, June 6.—(AP)—Tom Hunter of Wichita Falls, who finished third in last summer's Democratic gubernatorial primary, said today he had “never stopped running” for the nomination in 1934.

Hunter, who came to Dallas on personal business, visited a short time with Maury Hughes, chairman of the state Democratic executive committee. He said he had merely dropped in to “pay his respects.”

Hunter polled more than 200,000 votes in the first primary, finishing behind Mrs. Miriam A. Ferguson and Ross S. Sterling, governor at that time.

PRESIDENT PLANS MORE COMPENSATION FORMER SOLDIERS

ECONOMY PLANS OF ADMINISTRATION FADING IN FACE OF CONGRESS ACTION

WASHINGTON, June 6.—(AP)—President Roosevelt today signed an executive order fixing new and higher levels of compensation for service connected disabilities of veterans than was originally proposed in the tentative regulations issued under the economy act.

Mr. Roosevelt speeded the modified regulations into effect as the result of activities on Capitol Hill toward limiting the reductions in veterans' allowances he might impose under the economy bill.

As the result of senate action in limiting cuts of service-connected veterans to 25 per cent, thereby increasing government outlays by an estimated $170,000,000 a year President Roosevelt served notice if that action was adhered to additional taxes would be necessary to balance the burket.

Only a little while before the White House acted Speaker Rainey told newspapermen the house would approve the 25 per cent limitation or a substitute proposal to be offered by President Roosevelt. The new regulations were the administration's substitute.

House Democratic leaders deferred formal consideration of the senate amendment pending information from the White House on the extent of the modified veterans' regulations.

It was the hope of the president that his new compensation rates would avoid the greater increase in compensations voted by the senate. If the higher figures go into effect he will demand additional taxes to pay them.

On the basis of his increases in pay for service connected disabilities, it was the intention of the president not to ask for new taxes to meet this relaxation in the economy program.

CORSICANA MARINE GETS MEDALS FOR FOREIGN SERVICES

SAN FRANCISCO, June 6—(Spl)—Marine Corps headquarters for the department of Pacific, in San Francisco, announces that Sergeant John A. Clayton of Corsicana, now serving with the marines at Mare Island, California, has been awarded the Yangtze Service and Second Nicaraguan Campaign Medals.

The Yangtze Service Medal was awarded for service with the 4th Regiment of Marines at Shanghai, China, during disturbances and participation in defense of the International Settlement during the Sino-Japanese controversy in 1930, 1931 and 1932. The Second Nicaraguan Campaign Medal was for service in Nicaragua in the campaign against banditry during 1928 and 1929.

Clayton is a brother of Mrs. Grace Norwood of Corsicana, Texas.

REFORESTATION JOBS FOR FORMER SERVICE MEN ARE AVAILABLE

Mrs. R. B. Mitchell, executive secretary of Navarro County chapter American Red Cross, has received the following information from Read Johnson, manager of the regional office, Veterans' Administration, Dallas, with reference to the enrollment of ex-service men in the Reforestation Conservation Corps:

“Those veterans desiring to submit application for enrollment in the corps may do so by addressing a letter to this office as a tentative register is being established, and as soon as application blanks are received such blank will be forwarded to the veteran for execution provided his name is on the tentative register.”

Veterans desiring the Red Cross to assist them in executing the required forms should get in touch with Mrs. Mitchell.

MAN CHARGED WITH BURGLARY OF HOME IN BLOOMING GROVE

Clarence Freeman was arrested near Blooming Grove Tuesday night by Sheriff Rufus Pevehouse and was bound over to await the action of the Navarro county grand jury on bonds in the sum of $500. on burglary and theft complaints Wednesday morning by Judge Sam B. Jordan, justice of the peace, at the conclusion of examining trials.

Freeman is charged with burglary and theft in connection with the alleged entering of the house of Durwood George, Blooming Grove, Dec. 15, 1932, and the taking of a pearl necklace, wrist watch and other articles. The wrist watch and pearls were recovered by Sheriff Pevehouse.

Young Sampson Will Be In Main Event Of Wrestling Schedule

Young Sampson, Salt Lake City, who won his semi-final engagement here last week with Tiger McSuin, will be on the main event at Marvin Willis' card Thursday night. Sampson is scheduled to meet either Eddis Dobbs of Washington, 176, or Oscar Lindsey of Shreveport.

Jack Hendricks of Dallas will meet Leo Watters, a newcomer in this section, in the semi-final tilt.

Promotor Willis states that he is expecting a fine card this week, with a couple of torrid engagements for the local fans.

Business Better From All Angles Reports Indicate

By HIRAM HERTELL
Associated Press Financial Writer

NEW YORK, June 6.—(AP)—Business is better, says the statistical plaudits who, scrutinizing tre recent improved figures from every angle, find that fewer companies are failing.

The complete report for May, just issued, discloses that the number of insolvencies was the lowest for any month in the past four years. The figure of 1,909 compares with 2,758 defaults for May, 1932, the highest number ever recorded for that particular month.

Liabilities, too, were lower than they have been for any month since September, 1931, according to Dun & Bradstreet, Inc., compiler of the statistics. The figures for Many this year of $47,971,573 compare with $83,763,521 for May, 1932.

For the past week business failures showed another considerable drop. The number was 378, as compared with 459 and 429 respectively, in the two preceding weeks, and 554 in the same week last year.

The records show that the improvement for the past week was largely in the south and the west. Failures in the east were also fewer, but in the Pacific coast there was a moderate increase over the preceding week.

ILLINOIS APPROVED PROHIBITION REPEAL IN MONDAY VOTING

INDIANA IS MAKING DECISION AT POLLS TUESDAY; NINE STATES APRPOVE

By the Associated Press

The movement for repeal of the eighteenth amendment was one-quarter of the way toward its goal today with Illinois added to the eight states which previously had voted to strike the amendment from the constitution. Thirty-six states are needed for repeal.

Today the tenth state—Indiana—made its decision at the polls. The state legislature liberalized its prohibition laws earlier this year. Bishop James Cannon, Jr., a leader among prohibition advocates, was quoted as saying before today's voting: “If we can win in Indiana, we can prevent repeal.” The Anti-Saloon League superintendent for that state expressed the opinion that prohibition defenders had a “fifty-fifty chance.”

The vote in Illinois yesterday was approximately four to one for repeal. This was the third test in the Middle West, Michigan and Wisconsin having blazed the repeal trail. Four eastern states—New York, New Jersey, Delaware and Rhode Island—and two Western states—Wyoming and Nevada—have voted for repeal of the amendment. There have been thus far no states to vote for the amendment's retention in the constitution.

Before June ends six more states wil lhave registered their views on prohibition repeal. The states and the date on the voting are:

Massachusetts, June 16.
Connecticut, June 20.
New Hampshire, June 20.
Iowa, June 20.
California, June 27.
West Virginia, June 27.

Believe Indiana Is First Real Test

INDIANAPOLIS, June 6.—(AP)—Indiana today recorded its vote on repeal of the eighteenth amendment in an election in which some dry leaders saw a hope of giving the anti-prohibition forces their first setback.

Nine states already have voted for ratification of the twenty-first, or repeal, amendment, but dry leaders who have waged a concerted campaign in Indiana contend the Hoosier state is the first “real battle ground.” Some of them predicted a “fifty-fifty” chance for victory.

Repealists also have been active organizers, and William Stokes, director of the United Repeal council of Indiana, said he expected—a three to one vote for ratification.

The campaigns closed last night with final appeals by both wets and drys. Paul V. McNutt, Democratic governor who favors repeal, spoke in Indianapolis, as did Earl Crawford, dry Democratic speaker of the Indiana house of representatives.

In Washington, Senator Arthur R. Robinson (R., Ind.), long a dry, declared the repeal movement is backed by “organized wealth” which seeks to “dodge its fair share of the cost of government,” Senator Frederick Vannuys (D., Ind.) has urged Hoosiers to vote “overwhelmingly for repeal.”

Illinois Is Heavily For Law's Repeal

CHICAGO, June 6.—(AP)—Illinois has registered an emphatic “no” on the question of retaining the 18th amendment.

When 5502 of the state's 7,249 precincts had reported the vote stood:

For Repeal 958,627.
Against Repeal 237,525.

Both the Democratic and the Republican parties backed the slate of 50 “wet” candidates for delegates to the state's repeal convention at Springfield July 10.

The “wet-dry” fight was waged, on a non-partisan basis, but in the state's judicial election the two major parties fought it out in three contested supreme court districts with the democrats scoring a sweeping victory. One of the victors, Paul Farthing, 46, of Belleville, Ill., is blind.

GOVERNOR SELECTS HER SECRETARY FOR HIGHWAY COMMISSION

JOHN WOOD OF SHELBY COUNTY NAMED REPLACE DENISON, UNCONFIRM...

AUSTIN, June 6.— John Wood of Timps... Shelby county, was appoint... ed chairman of the Texa... highway commission by Governor Miriam A. Ferguson today.

Wood has been secretary to Governor Ferguson since she was inaugurated on January 17 last.

Wood replaces Frank L. Denison of Temple, whose appointment by Governor Ferguson failed of confirmation by the senate.

Denison took the matter to the supreme court, contending that he did not need a two thirds favorable vote of the senate for confirmation. Joined by the governor, he claimed only a majority vote was necessary.

The governor asked the senate to tell her how the vote stood for and against; but the senate denied that request, pointing out that under its executive session rules only the result could be divulged.

It informed her that her appointee had “failed of confirmation.” Denison took the oath of office but never did function. He agreed to a friendly test suit. Three courts held that a two thirds majority vote of the senate was necessary to confirmation. The district, civil appeals and supreme court decided against Denison's plea.

Wood would fill a vacancy left by the death of the late Cone Johnson of Tyler, who died a few weeks after his term had expired on February 15 last. The other members of the commission are W. R. Ely of Abilene, who has been chairman for several years and D. K. Martin of San Antonio. Ely was an appointee of former Governor Dan Moody and Martin was named by former Governor R. S. Sterling.

The governor is given the privilege of designating the chairman. Wood's commission was issued immediately and Wood said he would take the oath of office at once.

Confirmation of Wood will come before the senate when it meets again. It will not meet until January, 1935 at the termination of Mrs. Ferguson's present term, unless a special session should be convened.

Governor Ferguson has intimated she would call an extraordinary session next fall.

Arkansas Youth, Charged in Bank Robbery, Slain

SHREVEPORT, La., June 6.—(AP)—Mack Rogers, 23, wanted in connection with the robbery on May 15 of the Caddo Trust and Savings bank at Ida, North Caddo parish, was shot and killed while assertedly resisting arrest in Jonesville, Catahoula parish, Monday, according to Sheriff T. R. Hughes.

Rogers, Hughes said was mortally wounded by Alcide Gallender, a specially deputized officer, when he pulled a gun on Marshall Ben Smith of Jonesville, when the officer attempted to arrest him. One bullet struck Rogers in the neck and another in the chest.

The wounded man was taken to a hospital in Natchez, Miss., for an emergency operation but died a short time later. He refused to disclose his identity, notwithstanding he knew he was mortally wounded. He was later identified by fingerprints and photographs, Hughes was told. The sheriff said he was a resident of Clayton, La.

Rogers, according to Sheriff Hughes, is a brother of Doyle Rogers, arrested Saturday night at Gladewater, Texas., with W. C. “Bill” Bryant and Violet Hicks, a companion. Mack Rogers escaped arrest in Gladewater, although officers there “had a line on him” and he was traced to the vicinity of Sicily Island, near Jonesville, after leaving Gladewater, officers said.

“I knew he would get it sooner or later,” Doyle Rogers said in jail here when informed of his brother's death.

TEXARKANA, Ark., June 6.—(AP)—R. W. Turquette, sheriff, was informed by telephone today that Mack Rogers, 22-year-old Miller county youth sought in connection with recent bank robberies at Smackover, Ark., and Ida, La., was shot to death in a fight with officers near Tallulah, La., early today.

According to the Sheriff's information, Rogers was slain by the chief deputy sheriff of Tallulah parish. Turquette had given Louisiana officers information earlier in the week that Rogers was headed toward the Harrison Lake area in that parish.

Five other men were under arrest here and at Shreveport in connection with the robberies and $5,000 of the loot was recovered.

DIVORCE

(Continued From Page One)
divorce, as announced in Los Angeles, Mr. Platt declined further comment.

LOS ANGELES, June 8.—(AP)—After disclosing that her son, Elliott, would establish residence in Nevada to permit his wife to seek a divorce on grounds of incompatibility, Mrs. Franklin D. Roose- [illegible] suddenly at 5:51 a. m. [illegible] Standard Time) today for [illegible]ington, D. C.

[illegible] unannounced departure by [illegible] ended a stay of less than [illegible] hours in Los Angeles where [illegible] came to visit her son.

Young Roosevelt, who only a [illegible] time ago became general [illegible]ager of a West Coast airline after leaving the East with the announced intention of obtaining a position which in nowise could be said to have political significance, told a newsman he would leave shortly for Reno.

The disclosure came as Mrs. Roosevelt left her hotel in company with Elliott en route to the United airport at Burbank. Thirty minutes later the party, which included Mrs. Isabella Greenway, Democratic national committeewoman for Arizona, left the United airport for Saugus because fog made a takeoff at Burbank hazardous. At Saugus a special ship waited.

At hotel entrance Mrs. Roosevelt said in reply to a question that the divorce was in prospect and then Elliott, at her elbow, confirmed his mother's statement.

Beyond the bare anouncement that the divorce action was to be instituted in Nevada, neither Elliott nor his mother cared to comment much.

Elliott did add, however, that the divorce will be sought by his wife, the former Elizabeth Donner, daughter of William H. Donner of Philadelphia, industrialist, on grounds of incompatibility.

Separated Some Time.

The couple has been separated since last year. An agreement is understood to have been reached as to the custody of their child, William Donner Roosevelt, born last November. They were married January 16, 1932.

When Elliott came to the West Coast his wife and baby did not accompany him.

Mrs. Roosevelt was accompanied on the plane, which will make an initial stop at Tucson, Ariz., by C. R. Smith, general manager of the airline; Amon G. Carter, Fort Worth newspaper publisher, and Mrs. Greenway.

The flying time between Saugus and Tucson is about four hours.

Her pilot was J. William Martin, Jr., brother of Eddie Martin, who piloted Mrs. Roosevelt into Los Angeles Monday.

LOS ANGELES, June 8.—(AP)—Mrs. Franklin D. Roosevelt early today disclosed that her son, Elliott, whom she came from Washington to see, had decided to obtain a divorce on grounds of incompatibility.

Beyond saying that apparently [illegible] attempts at reconciliation had failed, Mrs. Roosevelt declined to comment further.

The First Lady was leaving a downtown hotel when she disclosed the information. She was believed to be en route to the United Airport at Burbank to leave by American Airways for the east. An extra plane was being held at Saugus, northeast of here, supposedly to permit her to make the trip if fog prevented a take-off at Burbank.

Thirty minutes after she left her hotel the airport said Mrs. Roosevelt had arrived, been advised that flying conditions were not favorable, and had left for Saugus, some 25 or 30 miles away.

The President's son and Elizabeth Donner were married January 16, 1932.

She is the daughter of William H. Donner of Philadelphia, owner of the Donner Steel Corporation of Buffalo and principal figure in large tin plate interests in Pittsburgh.

A son, William Donner Roosevelt, was born to them last November.

Either Party May File.

RENO, Nev., June 8.—(AP)—Nevada's divorce laws permit either party to file suit, regardless of which has established residence.

Mrs. Elliott Roosevelt would be permitted to file suit here immediately after her husband has lived in Nevada six weeks.

This procedure has been followed many times, notably in the divorce a year ago of Ann Harding, movie actress, and Harry Bannister.

Reaches Phoenix.

PHOENIX, Ariz., June 8.—(AP)—Mrs. Franklin D. Roosevelt, returning to Washington after a visit with her son, Elliott, in Los Angeles, arrived here at 10 a. m., today and departed a few minutes later for Tucson.

Leaves Tucson.

TUCSON, Ariz., June8.—(AP)—Mrs. Franklin D. Roosevelt, on a hurried return trip to Washington from Los Angeles arrived here by special plane at 11:10 a. m. today.

She left at 11:15 a. m. after the ship had been refueled.

Wife and Parents Refuse to Talk

PHILADELPHIA, June 8.—(AP)—Mrs. Elliott Roosevelt, whose martial trouble was publicly disclosed today by her husband's mother, Mrs. Franklin D. Roosevelt, is maintaining a strict silence.

Neither she nor her parents, Mr. and Mrs. William H. Donner, of Villanova, near here, would make any statement.

Mr. Donner, millionaire former [illegible] man, said if and when he [illegible] any statement to make he would see that the public got it. News that the wedded life of the 21-year-old heiress and the 22-year-old second son of President Roosevelt was not running smoothly did not come as a surprise to society in and about Philadelphia, but not one word of the difficulty had been authorized for publication.

Mrs. Roosevelt, who was elizabeth Brownnig Donner before her marriage, has been staying at the Donner estate, "Camp Woods," at Villanova, since the inauguration of the President. She has been much entertained by society.

Two weeks after the inauguration she visited the white house. Several weeks ago, Mrs. James Roosevelt of New York, mother [illegible] was a visitor [illegible] the Elliott [illegible] Roose- [illegible]

Courthouse News

District Court.

The trial of Edward T. Perry, trustee, vs. Ben Brown, et al, to void a conveyance of real estate, was still in progress in the thirteenth judicial court on Thursday morning. Testimony was completed late Wednesday afternoon.

Cases on Wednesday's assignment and passed until Thursday morning were passed until Friday morning at 10 o'clock by Hawkins Scarborough, district judge.

The remainder of the jury for the week was excused until Friday morning.

Sheriff's Office.

A white man was arrested late Wednesday afternoon in a raid conducted by Deputy Sheriffs Walter Hayes, J. M. Westbrook and Jack Floyd and was formally charged with the violation of the prohibition laws Thursday morning before Judge Sam B. Jordan.

The officers reported that 600 bottles of beer and 36 gallons of brewing beer were seized in the raid.

Sheriff Rufus Pevehouse said Thursday that some of the beer seized was of the 3.2 per cent variety. He said samples of the beer would be analyzed and the evidence presented before the Navarro county grand jury next week.

It was intimated that in the event of an indictment, the accused man may be cited on a contempt of court proceeding as a prohibitory injunction was secured some time ago, restraining and enjoining the defendant from violating the prohibition laws.

Trustee's Deed.

Lloyd G. Kerr, substitute trustee, for C. J. Hall, et ux., to American Motors Finance company, Lot 4, Block 5-B, Miller-Phipps addition, Corsicana, $1,000.

Right-of-Way Deed.

W. N. Hamilton, et ux., to Navarro county, 40-100 acre of the F. R. Kendall survey, Black Hills, optional lateral road in Consolidated road district No. 1. $40.

Former Chatfield Resident Died In Teague Hospital

TEAGUE, June 8.—Funeral services for Albert S. Layton, 64, who died in a local hospital Tuesday morning, were held here Tuesday afternoon.

Surviving are his wife, four children, three brothers and other relatives.

Prior to moving to this community five years ago, Mr. Layton resided in the Chatfield community in Navarro county.

---

ber 17, last year, is with his mother.

The President, while governor of New York, visited the Donner home twice. The first time was shortly after the engagement of the young couple was announced on October 30, 1931, and the second time at the wedding, January 16, last year.

After the wedding, which was an outstanding event in social circles here, the Roosevelts took up their residence in New York, where the young husband was in business.

ALLISON SLATED AS STATE DIRECTOR OF FARM MEASURE

WASHINGTON STORY SAYS CORSICANA MAN HAS EXTENSIVE BACKING

The following story from the Washington Bureau of the Dallas Morning News and appearing in the News Thursday will be of much interest to Corsicanans:

WASHINGTON, June 7.—The recommendation of W. R. Smith Jr. of Midland, state district attorney for appointment as United States attorney for the western district of Texas, was announced by Senators Sheppard and Connally Wednesday, and his name has been sent to the department of justice. A large number of applicants filed for this position. Mr. Smith is a son of the late Judge William R. Smith, federal jjudge for the western district, who prior thereto represented the Colorado, Texas, district in the house of representatives for many years..

Senator Connally and Representative Luther A. Johnson of the Corsicana district, conferred with Chester C. Davis, production administrator under the farm bill and C. A. Cobb, cotton administrator, recommending Albert A. Allison of Corsicana for appointment as state director in Texas under the farm act. Later the prospective appointment was discussed with Postmaster General Farley.

Mr. Allison, a prominent Texas planter, with extensive interests there, also is indorsed by Senator Sheppard, J. E. McDonald, Texas commisisoner of agriculture, and National Committeeman Jed C. Adams.

The navy department Wednesday announced the appointment as acting chaplain of the Rev. Lon Portivent Johnson of the Episcopal Church of the Messiah, Gonzales. He will deport for preliminary training June 26 at the naval training station at San Diego, Cal.

Sick and Convalescent.

Dr. E. P. Norwood was confined to his home today on account of illness.

WEATHER

(Continued From Page One)
night. A strong wind uprotted trees and shrubs.

Mrs. Russell Channon, brought to a hospital at Stillwater, Minn., with a broken leg after a tree crashed into her motorcar during a storm, was given treatment under light furnished by batteries and a spotlight, the storm having disrupted power lines.

In the west a steady rain fell in Portland, Ore., on the eve of the Outdoor Rose Festival. Summer students beginning classes in Arizona State Teachers College at Flagstaff found snow still stretching far down the mountains and mild temperatures.

Storm Damage Heavy.

BUFFALO, N. Y., June 8.—(AP)—Western New York and nearby Ontario today presented a picture of flattened orchards, poles by the hundreds snapped off, larger buildings unroofed and smaller ones crumpled.

The destruction was the work of the two violent storms which swept the area yesterday afternoon and last night, leaving five dead, thirty or more injured and causing damage placed at more than $1,000,000.

Most of the damage was the work of winds which reached 80 and 90 miles an hour in places, but lightning started many fires and in Ontario hail wrought heavy damage.

PEACE PACT

(Continued From Page One)
that their common desire and spirit is to co-operate with all other states, large and small.

"This collaboration is desired particularly with the United States, without whose valuable and practical assistance no stable and constructive work in world political, pacific, or economic restoration is possible." he said.

The present pact extends the collaboration provided for in the 1925 Locarno agreement and and embraces economic co-operation. It is a restatement—and re-invigoration—of the Kellogg pact, the League of Nations covenant, and last December's agreement pledging Germany arms equality.

Its chief values are that it induces collaboration at a time when Europe fears war and that it pledges disarmament regardless of the arms conference decisions.

STRAUS PRESENTS CREDENTIALS AND TALKS FOR PEACE

NEW AMERICAN AMBASSADOR TO FRANCE TELLS WHAT FRANCE EXPECTED TO DO

PARIS, June 8.—(AP)—A three-power agreement to "make a go" of disarmament was the principal result of the parley here today between American, British and French diplomats in an effort to break the Geneva arms stalemate.

The French were hesitant over the best method of obtaining the security guarantees to which they clung but agreed that all obstacles to the success of the Geneva conference "must be removed."

PARIS, June 1.—(AP)—Jesse I. Straus, presenting his credentials as new American ambassador to France today, told President Lebrun that the United States is waiting for France to do something definite for disarmament and for the succes of the world economic conference.

While Mr. Straus was telling the French statesman what America expected, Norman H. Davis, American ambassador-at-large, argued with Premier Daladier to abolish tanks and reduce artillery so as to make disarmament possible.

Mr. Straus went outside of the usual polite exchange of compliments to remind the president that "starting with the Briand-Kellogg pact, you will agree the United States has gone a long way toward assuring economic and military peace."

"We are ready to co-operate with France as we have before in the expectation that France, as before, will work with us," the American declared.

Show-Down Talk.

PARIS, June 8.—(AP)—Meeting of Chancellor Hitler of Germany, Premier Daladier of France may result from a three-power "show-down" talk on disarmament today in Foreign Minister Joseph Paul-Boncour's office.

Norman H. Davis, American ambassador-at-large in Europe who joined the British representatives in the talks with the foreign minister, is said to be nursing the idea of a gathering of premiers as a happy climax to an eventful disarmament convention.

This conference to seal the friendship of the nations" would come after disarmements difficulties have been cleared away.

GOVERNOR SIGNED ADDITIONAL BILLS RECENTLY ENACTED

AUSTIN, June 8.—(AP)—Governor Miriam A. Ferguson today signed a bill that would make the proposed county home rule constitutional amendment effective immediately if adopted by the electorate. The proposed amendment will be submitted at a special election on August 26.

It would authorize counties having a population in excess of 62,000 to adopt a charter form of government.

The governor signed a bill to authorize Corpus Christi to borrow funds from the federal government for construction of a bridge across the Navigation channel.

Other bills signed included:

To require precinct judges to file official returns of elections with the county judge within 72 hours and to require the county judge to transmit official returns to the secretary of state within 48 hours.

To appropriate $1,500 for reconstruction of the Texas A. and M. substation in Brazoria county.

To define the offense of embezzlement by officers and directors of incorporated companies or institutions, joint stock companies or voluntary associations, conviction to be punished the same as for theft.

JAPAN

(Continued From Page One)
signatories," he declared. "On the contrary it has created an atmosphere of uncertainty and apprehension. From one side and another inflamatory speeches, which were not calculated to appease the spirit of the interested peoples, have followed the conclusion of this treaty. Therefore the feeling of security has not been strengthened."

When Mr. Sato had finished his speech, which he read in French, Arthur Henderson, pre[illegible] conference, said he h[illegible] aware that such an im[illegible] laration would be made [illegible] egations would like to [illegible] Mr. Henderson expla[illegible] therefore adjournment [illegible] until this afternoon. ts for beauty information desired by Edna Kent Forbes columns be accompanied by a fully self-addressed, stamped envelope (s.a.s.e.) in stamps to cover cost of printing and handling. For the illustrated AUTY" ten cents in stamps with fully s.a.s.e. must be enclosed. Forbes in care of this paper.

ESSENTIAL BEAUTL FORMULAS

INGS YO NEED

Forbes tells you to- ow to make all the beau- you need for massage eneral care for the skin hair. Going back to clas- ethods, you use oil most-

want an adequate sup- the essential beauty prep- , and either because you economize or because you owing what goes into these which you use on your face y making your own beau- ms and lotions.

most important thing is oil. grade of almond oil, or cannot afford that, plain il, is what you buy. I pay ounce and occasionally less, mond oil. But the finest oil comes for a little more dollar a gallon. And even r, if you go to the Italian es and buy it in large five- tins. I do this for cooking eneral kitchen use. Any- you can use this as lavishly u wish for beauty purposes, t lasts a very long time, if keep your main supply of a cool place.

for cleansing. Oil heated k your finger nails in when have removed the enamel are giving them a manicure. is a wonderful method for ng them strong and smooth young. Oil heated for a hly scalp rub—avoids and away dandruff, does won- for your hair. Oil hot for ekly facial—lovely for a dry, kled or aged skin. Oil tinted for your finger nails, and plain and cool for removing up and cleansing the skin. ve ounces of oil, one of white one of spermaceti, one and lf of rose water—that's your sage cream. Melt the solids in the oil, warm the rose water, and add slowly—that's all. Perfume with scented oil as it cools.

You'll need a five pound of epsom salts too. Two spoonsful in a basin of hot ter, wring out cloths from and hold over the face to the skin clear and to remove blackheads. Epsom same amount, in ice cold as an astringent following mas- sage. Otherwise, keep the witch hazel about in a nad use this daily.

M. D. S.—G. C. I shall be glad to send you the formula for the hair tonic if you forward a stamped, self-addressed envelope for the mailing. Massage your scalp every day to improve the circulation, as this will help any condition, and when you have finished manipulating with your fingertips, try lifting the scalp with the heels of your palms, beginning down at the back of the head, and pushing and lifting all the way up to the top. Another helpful thing is to grasp handfuls of hair close to the scalp and give a good tug to lift the scalp from the bones of the head. Go all over the head this way, as it not only loosens the scalp but gets the blood circulating even more than most massage will do unless done very carefully. The night before a shampoo rub oil into the scalp, and if there is dandruff add a little sulphur to the oil. Almost any kind of oil will help, but if the oil is heavy, such as a crude oil or a castor oil, you will need to keep it very warm in order to handle it, and get it into the scalp instead of all over the hair. A mixture of half olive oil and half castor oil makes a good treatment for most heads, but even that should be kept warm while applying it.

ichigan Mayor Jailed Result Of Court Judgment

GRAND HAVEN, Mich., June 6. (P)—Mayor Lionel Heap, who k office last May 1, was a pris- er in the Ottawa county jail re today under a writ of body ecution for failure to pay a dgment.

The mayor, who agreed to ac- pt service of the writ last night and immediately went to jail, said he would conduct the affairs of his office from the jail.

One problem he faces was attending city council meetings but it was likely he will ask the council to meet in the jail

Mayor Heap is serving in jail failure to pay a judgment of nearly $8,000 awarded to his sister-in-law, Mrs. Enda M. Heap, who charged him with dissipation of the assets of her late husband while he was administrator of the estate. He asserted that his trouble was "all political," and said he would not pay the judgment.

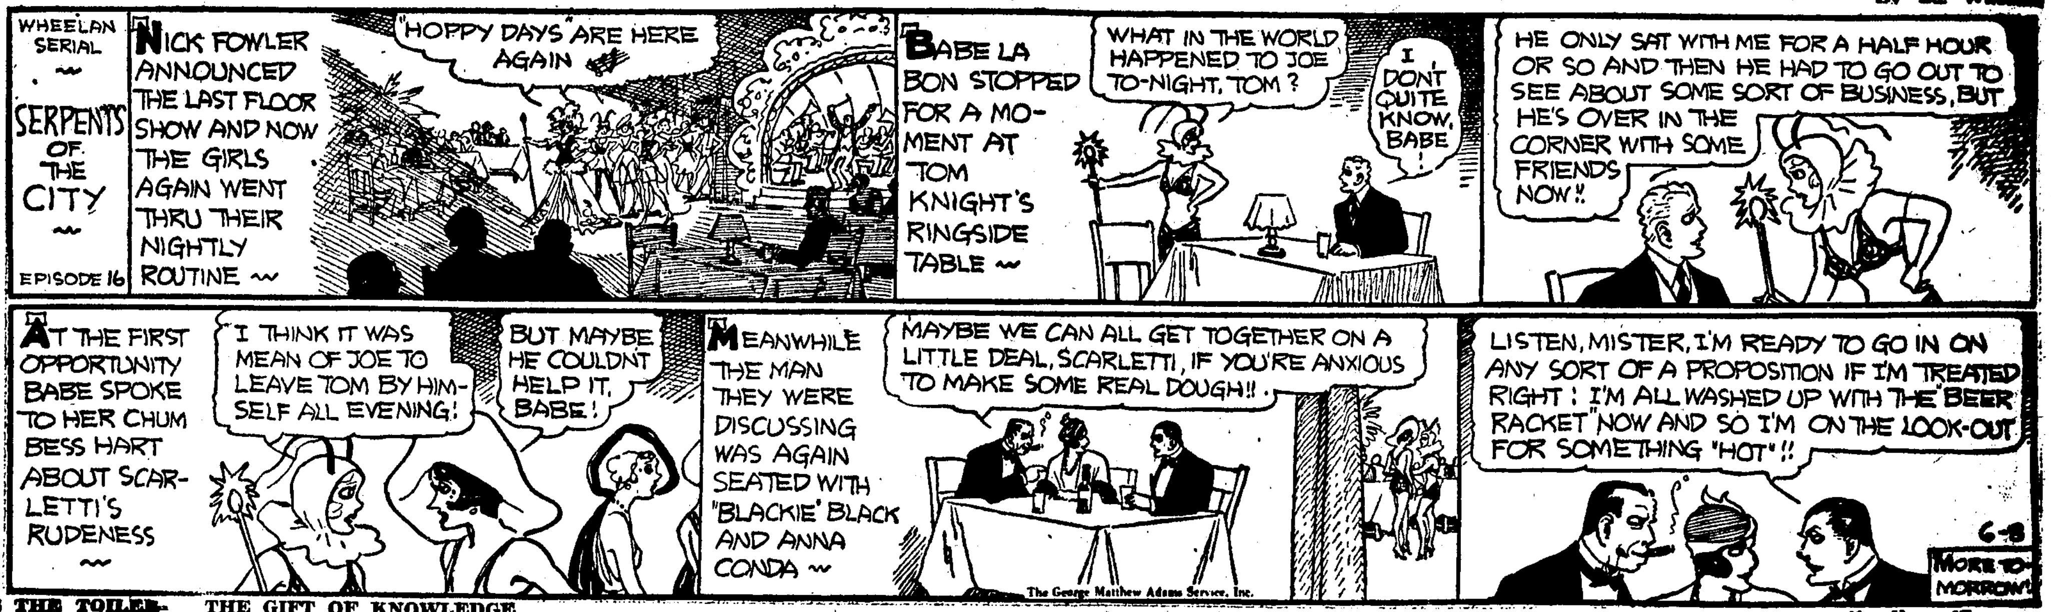
MINUTE MOVIES—

By Ed. Wheelan



WHEELAN SERIAL ~ SERPENTS OF THE CITY ~ EPISODE 16
NICK FOWLER ANNOUNCED THE LAST FLOOR SHOW AND NOW THE GIRLS AGAIN WENT THRU THEIR NIGHTLY ROUTINE ~
"HOPPY DAYS" ARE HERE AGAIN
BABE LA BON STOPPED FOR A MOMENT AT TOM KNIGHT'S RINGSIDE TABLE ~
WHAT IN THE WORLD HAPPENED TO JOE TO-NIGHT, TOM?
I DON'T QUITE KNOW, BABE!
HE ONLY SAT WITH ME FOR A HALF HOUR OR SO AND THEN HE HAD TO GO OUT TO SEE ABOUT SOME SORT OF BUSINESS, BUT HE'S OVER IN THE CORNER WITH SOME FRIENDS NOW!!
AT THE FIRST OPPORTUNITY BABE SPOKE TO HER CHUM BESS HART ABOUT SCARLETTI'S RUDENESS ~
I THINK IT WAS MEAN OF JOE TO LEAVE TOM BY HIMSELF ALL EVENING!
BUT MAYBE HE COULDNT HELP IT, BABE!
MEANWHILE THE MAN THEY WERE DISCUSSING WAS AGAIN SEATED WITH "BLACKIE" BLACK AND ANNA CONDA ~
MAYBE WE CAN ALL GET TOGETHER ON A LITTLE DEAL, SCARLETTI, IF YOU'RE ANXIOUS TO MAKE SOME REAL DOUGH!!
LISTEN, MISTER, I'M READY TO GO IN ON ANY SORT OF A PROPOSITION IF I'M TREATED RIGHT! I'M ALL WASHED UP WITH THE "BEER RACKET" NOW AND SO I'M ON THE LOOK-OUT FOR SOMETHING "HOT"!!

January	9.63	9.66	9.45	9.48
March	9.77	9.80	9.59	9.63
May	9.92	9.95	9.75	9.79

Spot quiet; middling 9.10.

Chicago Cotton Futures.

CHICAGO, June 8.—(AP)—Cotton futures closed: July 9.14; Oct. 9.37, Dec. 9.51.

Liverpool Spots Lower.

LIVERPOOL, June 8.—(AP)—Cotton: 22,000 bales including 11,300 American. Spot smal lbusiness done; prices fourteen points lower; quotations in pence: American strict good middling 6.87; good middling 6.57; strict middling 6.27; middling 6.12; strict low middling 5.97; low middling 5.77; strict good ordinary 5.57; good ordinary 5.27. Futures closed barely steady. July 5.84, Oct. 5.38, Dec. 5.85, Jan. 5.86, March 5.90, May 5.93.

New York Cotton Steady.

NEW YORK, June 8.—(AP)—Cotton opened steady, 1 lower to 2 higher on July liquidation and hedge selling offset by commission house buying. July 9.10, Oct. 9.40, Dec. 9.55, Jan. 9.63, March 9.77, May 9.92.

Selling was encouraged by a favorable view of the weather news and there was some selling here through brokrs with Japanese connections as well as hedging and liquidation.

The offerings were absorbed by local and commission house buying, and after selling off to 9.10, July rallied to 9.18 while December sold up from 9.55 to 9.61 making net advances of about 3 to 6 points. This bulge met some further realizing or liquidation, but there was some Wall Street buying probably on the higher stock market and further advances in foreign exchange rates with the market holding steady at the end of the first half hour.

Demand tapered of fatfer the early buying had its course and prices reacted later in the morning under realizing or liquidation promoted by favorable weather conditions and absence of definite news from Washington with reference to acreage control measures. July contracts sold off from 9.18 to 9.06 and December from 9.61 to 9.46, making net declines of about 7 to 9 points but a little more buying developed below the 9 1-2 cent level for December and prices showed rallies of 3 to 4 points from the lowest at midday.

Futures closed barely steady 13-15 lower. Spot quiet; middling 9.10.

New Orleans Cotton Quiet.

NEW ORLEANS, June 8.—(AP)—Cotton opened rather quiet today. Cables were slighly lower than due but sterling was higher. Opening trades here showed no change to the two points down and October eased an additional point after the start o 9.32, down 8 points. Later, prices rallied on good trade buying by ring traders on the firm opening of stocks. October advanced to 9.43 and December to 9.57, or 8 to 11 points up from the opening figures and 8 points above yesterday's close.

Towards the end of the first hour the market eased 2 points on October, which appeared ot be the only active position at the moment.

The market ruled rather quiet and easier most of the morning. Traders seemed disposed to hold off until Washington acts on the acreage-reduction plan. There was also some hedge-selling and October traded down to 9.28 and December to 9.45, or 12 to 15 points under the early highs and 4 to 7 points under yesterday's close.

Near mid-session: October recovered 3 points but other months showed little movement.

New York Cottonseed Oil Steady

NEW YORK, June 8.—(AP)—Bleachable cotton see doil futures closed steady. Spot 5.25b, June 5.25b, July 5.35b, Aug. 5.38b, Sept. 5.48b, Oct. 5.53b, Nov. 5.58b, Dec. 5.65b. Sales 23 contracts including four switches.

N. O. Cotonseed Oil Steady.

NEW ORLEANS, June 8.—(AP)—Cotton seed oil closed steady: prime summer yellow 4.55-95; prime crude 4.00-4.25, June 4.78; July 4.83, Aug. 4.88, Sept. 4.95, Oct. 5.05, Nov. 5.12 Dec. 5.22.

TROOPS SEEKING MISSIONARY FIND HIDEAWAY EMPTY

MUKDEN, Manchuria, June 8.—(AP)—Japanese and Manchukuo troops seeking the release of Dr. Neils Leilsen, an American missionary, from kidnapers, today pounced upon the abductors' supposed lair, but found it empty.

The troops began fresh eforts to locate the hideaway.

Dr. Neilson, of Minneapolis, was taken by brigands April 12, and held for ransom, said to total $100,000. Since then American consular officials, local authorities, and troops have sought him.

He was last heard from on May 2, when in a message to Mrs. Nielson, he cautioned other Missionaries to avoid personal risks because of kidnaping and banditry was rife in the area.

ardon Application Corpus Christi Man Been Turned Down

WASHINGTON, June 8.—(AP)—The Justice department has denied a pardon application of Will Horwitz, convicted at Corpus Christi, Texas, in connection with the Mexican radio lottery case.

This automatically sends Horwitz to prison to begin serving his term, Justice department officials said, and it will be six months before he is eligible for parole.

The application was received at the department serval days ago. Since Attorney General Cummings [illegible] recommend a pardon it [illegible] formally before [illegible]

Grains and Provisions

Fort Worth Cash Grain.

FORT WORTH, June 8.—(AP)—Wheat, oats and grain sorghums were in excellent demand on the cash grain market here today. Other light offerings were fairly well taken.

Prices ranged as follows, basis car loads on track at Fort Worth, freight paid to destination, delivered Texas Gulf ports, export rate, or Texas common points:

Wheat: No. 1 hard 81-83.

Barley: No 2 nominally 40-41; No. 3 nominally 39-40.

Sorghums No. 2 milo per 100 pounds 102-104; No. 3 97-1.00. No. 2 kaffir per 100 pounds 94-96, No. 3 kaffir 93-94.

Delivered Texas common points or group three: Corn No. 2 mixed 57 1-2@58 1-2; No. 2 white 60-61; No. 2 yellow 58-59.

Delivered Texas common points: Oats, No. 2 red 34-35; No. 3 red 33-34.

Wheat Turns Upward.

CHICAGO, June 8.—(AP)—Report of dust storms in the Southwest led to early upturns of wheat prices oday, unfavorable crop news from spring wheat territory northwest was also a stimulus to buyers. Opening 1-8 to 5-8 higher, wheat afterward held near the initial range. Corn started 1-4 lower to a shade advance, and subsequently declined all around.

(x)—Quotations based on ewes and wethers.

ENGINEERS' STRIFE NOW TRANSFERRED TO AUXILIARY TODAY

CLEVELAND, June 8.—(AP)—An echo of the attempt by a group of 'Progressives" to oust Alvanley Johnston as grand chief engineer of the Brotherhood of Locomotive Engineers came today from the Grand International Auxiliary of the brotherhood.

A fractional battle over the election of officers for the women's organization appeared probable unless Mrs. Mary E. Cassell, a grand officer for 43 years, resigns the presidency she has held since 1919.

Meanwhile, officers of the auxiliary denied reports the organization's financial condition was questionable. They declined to comment about sums reported lost through failure of the Standard Trust Bank of Cleveland, of which Johnston was a director and the B. of L. E. a heavy depositor.

The Standard Trust Bank is one of several outside financial ventures of the Brotherhood that forms the basis for the effort to unseat Johnston. A committee of engineers is to investigate the books of the bank with the assurance of Gov. George White and State Commerce Director Theodore W. Tangemen that state authorities will cooperate to the fullest.

BULL ENTHUSIASM PUSHED MARKET UP BUT ADVANCES LOST

CONTINUED IMPROVEMENT NOTED IN ALMOST ALL LINES OF TRADE

NEW YORK, June 8.—(AP)—The sweeping stock market advance encountered some resistance today but moderate reactions found sizeable supporting orders and many prices again touched new highs for the past year or more with final gains ranging from fractions to 3 or more points. Trading continued at a feverish pace, the turnover approximating 6,500,000 shares.

By VICTOR EUBANK
Associated Press Financial Writer.

NEW YORK, June 8.—(AP)—Bulls stormed through the stock market in early trading today, but met increasing resistance from profit-takers and many forenoon gains of 1 to 3 points were reduced or cancelled.

Associated with the morning rise was further weakness of the American dollar in foreign exchange markets, fresh murmurings of inflation and the continued improvement in nearly all lines of trade. Commodities moved rather uncertainly.

Mining and metal shares were again favorites, although a number of industrials came in for heavy trading. The volatile Homestake Mining isue jumped 10 points at one time, while Alaska, Juneau, Dome and McIntyre Porcupine were up around 1 to 3. Exrteme gains of 1 to 2 were recorded by International Nickel, U. S. Smelting, Cerro de Pasco and American Smelting. Other shares up a point or more at one time included U. S. Steel common and preferred, American Telephone, Bethlehem Steel, Allied Chemical, Standard Oil of New Jersey, Goodrich, Goodyear, Firestone, Montgomery Ward, Sears Roebuck, and Case. Both Western Union and Postal Telegraph prefered reacted a point or more after their recent upward flurry. Rails were somewhat heavy throughout.

While warnings of a substantial "corrective reaction" were heard in some brokerage circles, the more ardent operators pointed out that these forebodings had been circulating for a week or more and had already resulted in a huge profit-taking. In line with this reasoning ,it was argued that the corrective movement had been under way right along and has been overlooked by "sold out bulls."

Curb Moves Ahead.

NEW YORK, June 8.—(AP)—Industrials took the lead in another forward push in curb stocks today.

Some fast moving issues like Aluminum Co., of America, Turbize Chatillon and Hazel Atlas Glass, climbed three to five points, while the main body of leaders worked upward at a more leisurely pace.

Traders apparently continued impressed with the market possibilities of Utilites, Ooils, mining shares and a farly wide list of commodity and manufacturing issues.

Gains of a point or more were registered in American Gas and Electric, Atlas Corp., Electric Bond and Share, Lake Shores Mines, Niles-Bement- Pond, and Gulf Oil.

A few stocks moved against the trend, Buckeye Pipe dropping 2. Standard of Indiana and Swift gained fractionally.

NG POINT OF ALL T FIXED ON JUDEAN HIL TOP"

ficance Of Everest Small Alongside Of vary---Some Major Meanings Of The rifixion Of Jesus Christ.

BY WILLIAM T. ELLIS

I have been shying off writing of this Lesson, overwhelming theme. It much preparation as the Mt. Everest—and Ever- highest point in physical is of small significance of Mt. Calvary, the loft- in man's spiritual geo- I have read, for purposes Lesson, the full Passion the four Gospels. I have the majestic Cross some of them dating far to the life of the Early which held the Cross I have ranged among my nd for the occasion I have see again the original's of me paintings, "Christ Be- ate" and "Christ on Cal- y Munkacsy.

dition to all this prepara- have made my own tabu- rom Robertson's Harmony Gospels, of all the persons idents connected with the trial and crucifixion of Je- he list fills several sheets r and it is far too long to ere. As I worked on this tion, which shows the vast- nd many-sidedness of the I found myself wishing were a preacher, that I give a solid year to preach- clusively upon the Cross and ltiform aspects. It will take eternity to exhaust the full- nd richness of this greatest that has ever engaged the on of man or angel.

Ballads of Trees

l's profoundly philosophical dwelt much upon the cross, revealed some of its signifi- The confessional statements e Early Church, like the le's Creed and the Nicene give central place to the Mystics and music-masters vibrated to the strains of the In the sixth century, one Venatious Honorious Clem- us Fortunatus, wrote in Lat- hymn of which one stanza been translated thus:

ful Cross, above all other,
and only noble tree,
in foliage, [illegible] blossom,
one in fruit [illegible] with
thee:
t the wood [illegible] sweet the
iron,
nd thy Load [illegible] sweet is He."

rnard, of [illegible], that [illegible] century [illegible] whose rich [illegible] spirit [illegible] fertilized the [illegible] centuries [illegible] gave us [illegible] hymns of [illegible] cross and [illegible] who does [illegible]

[illegible]

of America's sweet singers [illegible] century, Sidney Lanier, [illegible] a deathless "Ballad of [illegible] and The Master," of which [illegible] second stanza is:

f the woods my Master went,
He was well content.
of the woods my Master came,
Content with death and shame.
n death and shame would woo
Him last,
on a tree they slew Him
ast,
hen out of the woods He
came."

John Browning's fame as a official of a hundred years forgotten, but tens of mil- worshippers at the cross his lines:

of Chiist I glory,
the wrecks of time;
of sacred story
its head sublime.

woes of life o'ertake
[illegible] and fears annoy,
[illegible] forsake me;
[illegible] and joy."

[illegible] somewhat [illegible] of the death [illegible] remains the [illegible] it is the supreme fact, of religion. It [illegible] tered the thought of Jesus [illegible] up at Caesarea Philippi [illegible] ing heart was opened [illegible] fide in His friends; but [illegible] ained uncomprehending. [illegible] shortly before his passion [illegible] ied to open their eyes [illegible] place of the cross in His [illegible] but they refused to see [illegible] After Pentecost did the [illegible] at all grasp the significance [illegible] crucifixion. Still, after [illegible] centuries of reverent [illegible] scholarship, its full meaning [illegible] us. That such a life [illegible] such a death seems [illegible] incredible and supremely [illegible].

It [illegible] to explain Christ [illegible] Christ to explain the [illegible] undeserved, death, that [illegible] have unmerited [illegible] the uttermost paradox of [illegible].

[illegible] cross means the meeting [illegible] God's [illegible] with man's [illegible] of Divine compassion and [illegible] heavenly sinlessness with human iniquity; of [illegible] God's strong love and of Christ's voluntary sacrifice with all weakness and woe [illegible] man's need.

A [illegible]

As it stands, stark and bleak, upon the [illegible] illuminated crest of a dark hill, somewhere north of the city wall of old Jerusalem, the cross of Christ represents human injustice. [illegible] honest verdict of fair trial had Jesus been lifted there. The arrest in the garden; the trial before Annas, the two trials before the sanhedrin, the first and second trial before Pilate, and the intervening trial before Herod, were all either wholly irregular or were marked by glaring perversion of justice.

In the end, Pilate gave judgment against the evidence, only because he was a cowardly, truckling politician. Pilate doomed Jesus because he cared more for his job than for his manhood.

Outside the doors of the judgment hall, a throaty, instible multitude, incited by priests and business men who wanted this Reformer out of the way, cried "Crucify Him; Crucify Him!" A few days before, some of these very men had been yelling "Hosanna!" Such was the mob and such the leaders, that lynched Jesus.

Working Out a Higher Will.

In these times of mysterious changes in the whole civilization, there comes often to mind the old word of Scripture, "He maketh the wrath of man to praise Him." Like the selling of Joseph into Egypt by his brethren, so the crucifixion of Jesus was turned into good. It fulfilled the larger overruling purpose of God. For "It pleased the Lord to praise Him." He was "the Lamb slain from the foundation of the world."

Although theologians have busied themselves with the theme for nearly twenty centuries, nobody fully understands the Atonement, which is one of the mysteries of God. We only know that, in some manner beyond the power of mortal mind wholly to grasp, Jesus on the cross was reconcilion man to God; was suffering for the sins of the world; was revealing the unutterable love of the Father for all His wandering children; was shedding His own blood for man's sake.

Little folk, with the glib formulas, may profess to know exactly all that Calvary represents. Wiser and more sensitive spirits, sumply stand in reverent awe at the foot of the redeeming cross, and marvel at the love of God and at the sin of man which made necessary the sacrifice of the Savier. As the old hymn has it:—

"Unon that crass of Jesus
Mine eye at times can see
The very dying form of One
Who suffered there for me;
And from my smitten heart with tears
Two wonders I confess,—
The wonders of His glorious love
And my unworthiness."

SEVEN SENTENCE SERMONS

No one is useless in the world who lightens the burdens of it for [illegible].—Dickens.

In a [illegible] family, happiness springs up of itself.—Chinese Proverb.

It's a good safe rule to sojourn in every place as if you meant to spend your life there, never omitting an opportunity of doing a kindness, speaking a true word or making a friend.—Ruskin.

The mark of rank in nature is capacity for pain,
And the anguish of the singer makes the beauty of the strain.
—Anon.

For I, the Lord thy God will hold thy right hand saying unto thee, Fear not, I will help thee.—Psa. 41-13.

I say, the acknowledgement of God in Christ
Accepted by thy reason, solves for thee
All questions in the earth and out of it.
—Browning.

To do the day's work well and not to bother about tomorrow; to act the Golden Rule, so far as in me lay, toward my professional brethren and the patients committed to bmy care; and to cultivate such a measure of equanimity as would enable me to bear success with humility, the affection to my friends without pride, and to be ready, when the day of sorrow and grief comes, to meet it with the courage befitting a man.—Dr. Osler.

The International Sunday School Lesson for June 11 is—"Jesus On the Cross."—Mark 15:1-47.

ET TRUCKS VED FOR LOCAL NITS OF MILITARY

T STEP IN COMPLETE OTORIZATION ARTILLERY BATTERIES HERE

Eight Chevrolet trucks were formally delivered to officers of the local units of the Texas National Guard through E. W. Ellis and company, local dealers, Tuesday afternoon. There are six 1 1-2 ton carge trucks and two 1-2 ton station wagons, representing one-third of the motor equipment to be provided for Battery D, and Headquarters battery, over a three-year period.

Four of the larger and one of the smaller trucks go to Battery D of which Capt John J. Garner is commanding officer. Two of the larger and one of the smaller trucks are for use by the Headquarters Battery of which Capt. Festus A. Pierce is commanding officer.

This is the first step in the motorization of the 132 field artillery units replacing hroses.

It was stated that the motorization of the local units is a part of the motorization economy program being carried on by the War Department, and reduces the cost of equipment approximately 80 per cent.

Will Pull Guns.

The trucks will pull the guns, mounted on specially constructed wheels, at the rate of approximately 200 miles per day as compared with 20 miles per day for the horse drawn outfits.

The local equipment will replace 48 horses and is calculated to be considerably cheaper to maintain.

Similar equipment will be received in 1934 and 1935, completing the motorization program for the local batteries.

W. E. Livingston of Dallas, sales promotion manager for the Chevrolet Motor company, was present Tuesday afternoon at the delivery of the trucks to the local officers.

Local and other units of the Texas National Guard, 132 Field Artillery, wil make the trip to the annual encampment at Palacios on trucks this year, early in August.

The trucks are painted in the army regulation olive drab color.

Photographs were taken of the trucks lined up in front of E. W. Ellis and company, along with officers, enlisted men and Chevrolet officials.

Courthouse News

District Court.

The introduction of testimony in the case of Edward T. Perry, trustee vs. Ben Brown, et al, suit to void conveyance of real property, was still in progress in the Thirteenth judicial district court Wednesday morning.

The remainder of the jury for the week was excused Wednesday morning until Thursday morning at 10 o'clock.

The case of Currie W. Caldwell, charged by indictment with assault of a person while masked and in disguise, scheduled to be called for trial Wednesday morning will be called Thursday morning at 10 o'clock, officials said. Caldwell is charged in connection with the kidnaping of Robert Cerf in December, 1930, and the payment of $15,000 for his release by I. N. Cerf, father of Robert Cerf.

District Clerk's Office.

The following case was filed: Emma Stevenson vs. Robert Stevenson, divorce.

Sheriff's Office.

A white man was arrested Tuesday night in a raid conducted by Deputy Sheriff Jack Floyd in connection with the finding of a gallon of whiskey, 15 gallons and 38 bottles of beer.

Trustee's Deeds.

W. Franklin Seale, substitute trustee for Sophronia A. Humphreys, et vir, to the United Savings Bank of Detroit, Mich., a lot 50x162 1-2 feet in block 426, Corsicana, $800.

Walter Hayes, substitute trustee for W. P. Pritchett, et ux, to Nettie Barnett, 95 acres of the W. T. Malone survey, $1,000.

Warranty Deeds.

Sarah Ann Carter to Mrs. Ida M. Tidwell, lots 7, 8, 9, 19, 20, 21 and 22, block 5, Powell, $5. and other considerations.

E. Tramel, et ux, to W. J. Tramel, 1-2 interest in 10 acres of the John Duncan survey, $10.

PIONEER NAVARRO COUNTY WOMAN DIED HERE ON TUESDAY

Mrs. Sarah Ann Flanagan, aged 60 years, resident of Navarro county for 50 years, died at the home of her son, D. E. Flanagin, 900 North Main street, Tuesday afternoon at 5:30 o'clock and the funeral was held Wednesday afternoon at 3 o'clock at the Zion's Rest cemetery where interment was made. The services were conducted by Rev. Joe E. Glenn, pastor of the Eleventh Avenue Baptist Church.

Surviving are three daughters, Mrs. [illegible] C. Perkins, Augusta; Mrs. Mattie Gibson, Corsicana; and Mrs. [illegible] D. Simmons, Oklahoma; and three sons, D. E. Flanagan, Corsicana; Will Flanagan, Corsicana; and E. C. Flanagan, Abilene.

The funeral was directed by the Sutherland - McCammon Funeral Home

DAIRY EXPERT OF A. & M. COLLEGE TO BE HEARD HERE

E. R. Eudaly, dairy expert with Texas A. and M. College, will address a group of Navarro county residents interested in cattle and cattle problems at the Corsicana Chamber of Commerce Wednesday night at 8:00 o'clock, C. C. Morris, county agent, said today.

The county agent was in the vicinity of Richland Wednesday conferring with stockmen and farmers on various problems; he met with a Boys 4-H Club at Richland in the afternoon.

Mr. Morris announced that complete information on the annual Farmer's Short Course at College Station was now available and urged all those interested to confer with him at once. The goal for Navarro county this year is 200 attendants at the short course to be held July 24-29.

Practical work and demonstration will replace many of the lectures which have made up the course in past years. The agent reported that a tannery had been erected and exhibitions of the making of leather and its uses on te farm would be presented. A syrup mill will also be in operation during the course.

CORSICANA MAY BE GATHERING POINT OF ARTILLERY UNITS

UNITS OF 132D FIELD ARTILLERY MAY MOVE SOUTH FROM CORSICANA IN BODY

Corsicana will be the concentration point of the units of the 132 Field Artillery, Texas National Guard and the trip to the annual encampment of the Texas National Guard at Palacios will be started here, according to present tentative plans, Capts. John J. Garner and Festus A. Pierce of Battery D and Headquarters Battery 132 Field Artillery, Texas National Guard, stationed here, announced Tuesday.

Definite assurance has not been received here from headquarters, but it is likely the plan will be carried through, and a caravan of trucks, pulling guns and carrying 800 enlisted men and 64 officers, will leave Corsicana en route to camp, it was revealed. The caravan will be three miles long and will travel south over National Highway 75.

Units to congregate in Corsicana, if the proposed plans are carried through, will be from Dallas, Bonham, Weatherford, Italy, Cleburne, Athens, Marshall, Kerens, and Paris. All of the units would come to Corsicana over highway 75 except Kerens and Athens contingents which would come over Highway 31 into Corsicana.

It is expected the army contingents would arrive in Corsicana in the afternoon, spend the night here and then leave on the trek to Palacios at an early hour the following morning with the local units.

The encampment at Palacios will open Aug. 4 and will continue for 15 days.

Send for your copy. Price of Catalog Fifteen cents. Catalog and Pattern together Twenty-five Cents.

Address all mail orders to the Daily Sun Pattern Department, 243 W. 17th St., New York City.

BUSINESS UPTURN IS INDICATED BY BANKS AND RAILWAYS

A decided increase in bank clearings and a noticeable gain in railway tonnage to and through Corsicana have been reported during the past few weeks, indicating some progress on the upturn of business.

Bank clearings for Corsicana last week with only four days reports included totalled about $322,000, with this as a basis the full week total would closely approximate a half million dollars, a considerable gain over several preceding weeks. The clearings supply a dependable guide to the amount of business transacted during the week.

In addition to the normal seasonal rush of perishable produce from South Texas and other points, merchandise shipments are also showing a pronounced increase according to local railway officials. Switch crews are being kept busy, and in addition road crews are being used to assist in working the yards in proper manner.

FOUR-POWER PACT GUARANTEES PEACE MUSSOLINI CLAIMS

FRANCE, ITALY, GREAT BRITAIN AND GERMANY ACCEPT TREATY TEXT

ROME, June 7. (AP)—Premier Mussolini's four-power peace pact, designed to guarantee ten years of peace to Europe, was initialed tonight in Italy, France, Germany and Great Britain.

Signor Mussolini himself initialed the instrument the instrument for Italy. For France the function was performed by Ambassador Henry De Juvenel, for Germany by Ambassador Ulrich Von Hassel, and for Britain by Ambassador Sir Ronald Graham. The ceremony took place in Il Duce's office in the Venezia palace.

ROME, June 7.—(AP)—The four-power peace pact will give Europe ten years of peace and security, Premier Mussolini told the crowded senate today a few minutes after the German government had notified Italy of its complete acceptance of the final text of the treaty.

France, Italy and Great Britain agreed to the pect yesterday, and it was scheduled to be initialed later this evening.

The senate, together with the American, British, French and German ambassadors, gave the premier a tremendous ovation as he announced the successful result of 2 1-2 months of negotiation over the pact.

The new international instrument, Premier Mussolini said, has "produced collaboration by the four great Western powers, upon whom rests the responsibility not only for peace among themselves and in Europe, but also for the world."

Outlining the history of the pact since Prime Minister Ramsey McDonald and Foreign Secretary Sir John Simon of Great Britain came to Rome on the bright Saturday morning of March 19, the premier said the greatest difficulty was experienced over Article 3, which relates to disarmament.
